BASEBALL TEAMS OPEN SEASON

THOUSANDS OF FANS FILL MAJOR LEAGUE PARKS FOR OPENERS

Ceremonies Attend Open- ing—Red Sox Off In Lead

NEW YORK, April 11.—Approximately a quarter of a million rabid fans in eight major league cities scanned the heavens with anxious eyes today, left instructions to be telephoned to the office that they were violently ill, and forthwith departed for the park of their favorite baseball team in the best of health and spirits.

Enthusiasm was rampant, for today marks the official opening of the baseball season. A day when even chronic tailenders look like champions to their loyal supporters, who have temporarily forgotten the disappointments of yesterday.

The enthusiasm was fairly uproarious in Boston, where the as-tounded fans turned out in droves to marvel at the lowly Red Sox who jumped to first place in the American League by defeating the Senators, 7 to 5, in yesterday's "false start" at Washington. The game was moved ahead one day in order to give the opening presidential sanction.

The usual parade and flag-raising ceremony will precede the start of each of the eight games today. Predictions of "overcast skies and possibly rain at night" in several of the eight cities failed to dampen the ardor of the fans, who began gathering at the gates of the various parks long before the gates were opened.

A double opening will be held in New York, with the Giants meeting the Boston Braves at the polo grounds and the Brooklyn Robins facing the Phillies at Ebbets Field, Brooklyn. "Cloudy and warmer, with rain at night," was the weather man's prediction.

Mayor James J. Walker will toss out the first ball at the Polo grounds and John H. McCooey, Brooklyn Democratic leader, will open the ceremonies at the Robins' park.

Fifty thousand fans were expected to crowd into the polo grounds to watch the Giants perform against Roger Hornsby, their former idol, and his fellow Braves. A capacity crowd was considered certain at Ebbets Field, which seats only 30,000. The Robins finished their training season by thrashing the Yankees yesterday, 7 to 2, squaring the series.

The probable batteries for the two games are:

New York—Benton and Hogue; Boston—R. Smith and Taylor.

Brooklyn—Petty and Hargrave; Philadelphia—Ring and Wilson.

MYSTERY PUZZLES IN OHIOAN'S DEATH

NORWALK, O., April 11.—An investigation was under way here today to determine how Thayer Jackson, 40, son of C. N. Jackson, wealthy retired merchant now living in California, met his death. Jackson was found unconscious in his home here Tuesday with a bullet wound in his head. He died shortly after being removed to Memorial Hospital.

Although indications were said to point toward suicide, Coroner C. Bell was withholding a verdict in the case. Prosecutor E. G. Martin declared that while the case looked like a suicide, he intended to conduct a thorough probe into reports that silverware and other valuables in the home had been disappeared suggesting a possible robbery motive.

A preliminary examination disclosed no powder burns near the fatal wound in Jackson's head, it was said.

NARCOTIC FARMS TO BE CONSIDERED

WASHINGTON, April 11.—A nationwide plea for the establishment of narcotic farms for federal prisoners will be presented to the house judiciary committee on April 28. Rep. Porter (R) of Pennsylvania, author of the measure, said today.

The pleas are contained in nearly 1,000 letters which have been received by Porter. They come from federal judges, prison officials, civic workers and former "dope" addicts.

"The narcotic shown for action by the federal government to curb the scourge of evil is remarkable," said Porter. "I have never experienced such demands in my legislative service."

Two "dope" farms would be established under the bill, and all federal prisoners who are narcotic addicts would be especially treated at the farms.

SUPREME COURT REJECTS REMUS APPEAL FOR RELEASE ON BOND

COLUMBUS, O., April 11.—Hopes of George Remus, Cincinnati wife-slaver, of obtaining his release on bail from the Lima State Hospital for the Criminal Insane, were dashed today when the Ohio Supreme Court rejected his appeal, asking that a bond be fixed pending final disposition of the case.

Remus has already been ordered released by the Allen County Appellate Court. The state, however, filed an appeal from this decision which is now being considered by the Supreme Court. Attorneys for Remus asked that he be permitted bail pending the outcome, but the Supreme Court today rejected this plea.

The Supreme Court also refused to annul the recent action of Chief Justice C. T. Marshall who issued an indefinite stay of execution preventing the Allen County Appellate Court, which declared Remus sane, from liberating him before the state's appeal has been heard by the Supreme Court.

MURDER, RIOTS AND BOMBINGS REVEALED AT KU KLUX HEARING

Ousted Members Say Depredations Part Of Klan Policy

PITTSBURGH, April 11.—Murder, riots, church bombings—every conceivable form of terrorism was perpetrated by the Ku Klux Klan "to strengthen feeling within the organization," counsel for five ousted members of the order in Pennsylvania charged today as the banished Klansmen pressed their defense in the \$500,000 Klan suit against them in federal court here.

Seeking to prove through a long list of witnesses that the alleged depredations were part of a deliberate policy adopted by Imperial Wizard Hiram Evans and his associates for publicity purposes, Van Barrickman, counsel and member of the ousted quintet will introduce more testimony of mob violence, he said.

Clarence W. Ludlow, of Dallas, Texas, created a stir in court by his statement that he saw seven or eight men burned to death by Klansmen in Texas, and that Imperial Wizard Evans personally superintended the flogging of a negro. While Klan counsel did not attempt to break down this testimony, it was set forth, through a long list of witnesses, that the alleged depredations were not part of a Klan policy.

The banished Klansmen seek an accounting of more than \$200,000,000 which they say was collected by the secret order in this state, while the Klan in turn seeks damages for the ousted members, alleged interference in the organization's activities.

NEWARK, N. J., April 11.—Directly following his marriage to Mrs. Mary O'Brien here, Arthur Bettschick, 25, will begin a three-months' jail sentence in expiration for killing the woman's first husband, John L. O'Brien. Bettschick confessed that he shot O'Brien, who was his cousin, when the latter reached to his hand his hip pocket. O'Brien was reaching for a cigarette case, but Bettschick thought he was about to draw a gun.

In court here Bettschick was offered the choice of six months in prison, or a sentence of three months if he would marry the dead man's widow. Mrs. O'Brien testified she bore Bettschick a child three months ago and wanted to marry him to "give the baby a name." Bettschick decided to marry her and thus cut his sentence to three months.

MARRIES TO SLICE DOWN PRISON TERM

NEWARK, N. AUTOIST KILLED BY PENNSY TRAIN

BUENOS AIRES, O., April 11.—Fred Leuthner, 32, Mansfield, was instantly killed near here early today when the automobile in which he was riding was struck by a Pennsylvania short line freight train.

George Hahn, Mansfield, with whom Leuthner was driving, was cut and bruised but not seriously injured.

Hahn who is a salesman for the Mansfield Grocery Company, said that Leuthner, a moulder, had been riding with him on his route, and that they were returning to their home when their car collided with the train. Hahn could not explain the accident. Trainmen stopped the train after the accident and brought Hahn to Bucyrus.

RESCUE PRISONER

BERLIN, April 11.—Showing unrivalled daring, six armed Communists invaded the court room here today where a Communist journalist was being tried for high treason, forced the court guards and all others present to put up their hands, freed the accused man and escaped with him.

NOVELIST DIES

LONDON, April 11.—Scores of messages of condolence over the death of Stanley J. Weyman, noted English novelist, were received today at the Weyman home at Luthin, Wales, from all parts of Europe and America. The novelist, who was 72 years old died yesterday at his home.

BILL LOST HOME WARD CHICAGO, April 11.—The completeness of the Deneen victory over the Small-Thompson-Crowe combine in yesterday's frenzied primary, was emphasized today in a check of returns from Mayor William Hale Thompson's home ward.

On Dawes Partisan Delays Farm Bill

In this ward—the forty-sixth—Mayor Thompson ran for committee. He was overwhelmingly defeated by State Senator Herman Taenisch, the Deneen candidate. Taenisch's official majority is expected to exceed 2,000 votes.

WASHINGTON, April 11.—Although a political row threatened to stir up a lively debate in the senate, farm bloc leaders were hopeful today of securing a final vote on the McNary-Haugen farm relief bill within forty-eight hours.

The political row was projected by Senator Brookhart (R) of Iowa, who charged George N. Peek, close friend of Vice President Dawes, was "insincere" in supporting the bill. Peek has been credited generally with initiating the equalization fee feature of the farm bill, which caused President Coolidge to veto the bill a year ago.

Brookhart said Peek was Dawes' campaign manager for the 1928 nomination and didn't "want a bill which the president would sign."

There were indications the Brookhart charges would be answered by friends of Dawes. Farm bloc leaders feared this might project a general debate on the agricultural sympathies of all presidential candidates, as Peek has been an outstanding foe of Herbert Hoover.

Voting on amendments was expected this afternoon with a possibility that the final vote will be reached late tomorrow.

GERMANS PROTEST MOVIE FILM "DAWN"

WASHINGTON, April 11.—The rising tide of protest against American exhibition of the British film "Dawn," depicting the execution of the famous British war nurse, Edith Cavell, by the German military governor of Brussels in 1915, has grown to such proportions that the question threatened today to become one for formal diplomatic exchanges between Germany and the United States.

Edith Cavell was executed by a German firing squad as a British spy. News of her dramatic death lashed nationalist sentiment to a fury in many countries and soon became the symbol of anti-German feeling the world over.

The film was forbidden in England after private showings to the National Board of Censors, six weeks ago. The American rights were then purchased by Arch Selwyn, who has announced he will exhibit the picture soon in New York.

BLAME COMMUNISTS

BOGOTA, Colombia, April 11.—The Venezuelan government is adopting a repressive measure against communists, according to advices from the Venezuelan frontier today. Government officials were reported to have attributed the recent outbreak at Caracas to communists. Troops have been sent into the province to keep order.

COACH VIC KOLB RESIGNS AS CENTRAL ATHLETIC DIRECTOR

Blue And White Mentor Will Abandon Coaching And Teaching—Has Shown Good Results —Officials Regret Act.

T. Victor Kolb, for the last three years basketball and football coach at Central High School, submitted his resignation Wednesday to Superintendent H. C. Pezdy, to become effective at the close of the present school term.

Kolb declined to consider an offer of a contract for another year, having decided to give up coaching and teaching work altogether. He has not announced his plans for the future.

The City Board of Education is scheduled to act on the resignation at its regular meeting Thursday night.

No successor has been appointed. A number of applications for the position have been received and a coach will probably be selected at the school board meeting Thursday.

Kolb disclosed that he has received at least three offers from schools outside Ohio for positions of athletic director but has refused them all.

Announcement of his resignation was received with regret by students and school officials alike.

Kolb became coach here in 1925 upon graduation from Ohio Wesleyan University, where he starred in both football and basketball.

He faced a difficult assignment at the outset handicapped by green material in both sport branches, but managed to pull local athletics out of a rut.

During his three years of coaching, Kolb produced basketball teams that won twenty-eight and lost nineteen games, and football

VOTE TRADING IS CHARGED BY BRAND

WASHINGTON, Apr. 11.—Wholesale vote-trading on bills pertaining to flood relief, Boulder Dam, farm relief and Muscle Shoals, is prevalent in both houses of congress, Charles J. Brand, executive secretary of the National Fertilizer Association, charged today. Attacking the favorable report of the house military affairs committee on the Muscle Shoals bill which would provide for government-operated fertilizer plants, Brand said:

"Few citizens realize the extent to which the government is being plunged into private business by this four-cornered political trading."

LEAVE CALCUTTA

LONDON, April 11.—Lieutenant Dioudonne Costes and Lieut. Commander Joseph Lebrun, the French "good will" fliers who are girdling the globe by easy stages, hopped off from Calcutta, India at 2:30 o'clock this morning (Indian Standard Time), on the next stage of their journey, according to a Central News dispatch from that city.

The fliers are now believed to be heading for Delhi, India.

"DEVIL CHEATED ME" SAYS WOULD-BE SLAYER

MARIETTA, O., April 11.—"God directed me, but the devil took care of Corry and cheated me."

This was the statement today of Abe George who late yesterday shot Moses J. Corry, Marietta merchant, three times on the street here, and then ran to the county jail and surrendered. Corry was reported to be recovering at a hospital this morning.

The shooting results from an eleven-year grudge between the two men, according to George's confession. When he was a school boy he was sentenced to the Lancaster reform school as a delinquent, George related. Corry, a prominent merchant, testified against him he stated. Corry had begun a suit in Common Pleas Court this week

BLACKMER IGNORES SUBPOENA TO TRIAL OF HARRY SINCLAIR

Two Others Remain In Europe To Avoid Trial

WASHINGTON, April 11.—The name of Harry M. Blackmer, former American oil man, was called futilely three times today at the criminal conspiracy trial of Harry F. Sinclair.

Blackmer is one of the three missing witnesses in the Teapot Dome case. At present, he is in France with a subpoena in his pocket.

The government would like to question him, James E. O'Neil, also in Europe, and Henry Smith Oler, last heard of in Africa, about a peculiar oil deal which resulted in profits for them and Sinclair which later turned into Liberty bonds. Certain of these bonds, to the amount of \$233,000, found way into the hands of former Secretary of Interior Albert B. Fall and it is the government's contention that there was a bribe to induce him to lease the Teapot Dome naval oil reserve to Sinclair.

Fall, named as a party to the alleged conspiracy, is too ill to stand trial.

Roberts then called half a dozen western bankers who produced Fall's account in 1922. These witnesses were on the stand only briefly and their testimony was merely for the purpose of further verifying the fact that Fall had the Sinclair Liberty bonds in his possession. There was no cross examination.

NATIONAL SCOUT COUNCIL BANQUETS

SAN FRANCISCO, April 11.—The three day meeting of the National Council, Boy Scouts of America, drew to a close here today, following a banquet tendered the assembled delegates by the San Francisco council last night.

The banquet was featured by the annual presentation of the silver Buffalo award, one of the highest honors in Scouting. The award was bestowed upon seven distinguished men who were selected by a special Scout committee for their "noteworthy" service of a national or international character outside the regular line of duty to boyhood.

Those honored by the award were: the unknown soldier, whose body lies in Arlington Cemetery; Colonel Charles A. Lindbergh; Charles D. Velle of Minneapolis; Major W. D. Bonstetten, president of the Swiss Federation Boy Scouts; Clarence H. Howard, of St. Louis; Arthur N. Cotton of the Y. M. C. A.; and William H. Cowles, publisher of Spokane, Wash.

TOLEDO BUSINESS MAN BEING SOUGHT

LOS ANGELES, April 11.—Arthur R. Baumbarger, 42, wealthy business man of Toledo, Ohio, was being sought by police here today in the belief that he is mysteriously missing.

Authorities were asked by Toledo police to hunt for Baumbarger, who was reported to have left the Ohio city sometime last month for Tijuana, Mexico. He carried \$10,000 with him at the time of his departure, police said.

OHIO SCOUT CHIEF SUBMITS TO KNIFE

SAN FRANCISCO, April 11.—After undergoing a mastoid operation at Stanford hospital here yesterday, Perry A. Lint, of Columbus, regional director of Boy Scouts for Ohio, West Virginia and Kentucky, was reported convalescing favorably this morning.

Lint came here to attend a meeting of the National Scout Council. After becoming ill on the train, he was taken to a hospital immediately on arrival here and the operation performed a short time later. Hospital attaches said today that he was recovering rapidly.

KENTUCKY GRAND JURY STILL PROBES LEGISLATIVE SCANDAL

FRANKFORT, Ky., April 11.—The county grand jury here today was to continue its investigation of alleged off-color legislative activities of the 1928 state general assembly and charges of irregularities in the management and appropriation of funds during the administration of former Governor

Extradited Co-ed

Mrs. Valeria Lasher, 23, former University of California co-ed, who recently made a hurried trip across the continent from Los Angeles, Cal., to Bridgeport, Conn., has been called on to make a hurried return trip—in the custody of a deputy sheriff. He had a warrant for alleged embezzlement. When arrested Mrs. Lasher tried to hide in a bathtub full of water. In Los Angeles, Mrs. Lasher jumped a \$1,000 bond, and eloped with a 17-year-old student, fleeing cross country.

PROPOSAL FOR OHIO POLICE SYSTEM IS NOW BEING URGED

Say Farm Groups Favor Measure To Get Protection

COLUMBUS, O., April 11.—With a number of influential Ohio organizations sponsoring it, a proposal for a state highway police system will probably be introduced at the next session of the state legislature here, it was learned today.

The Ohio Chamber of Commerce announces that it has sounded out sentiment concerning the proposal among the various farming groups, such as the Ohio State Grange and the Ohio Farm Bureau Federation, who undoubtedly back the measure.

Farm leaders maintain that a state highway police system is the only adequate means of coping with the increasing thievery prevalent in rural sections, according to the chamber of commerce. It is also pointed out that collection of fines and recovery of stolen property has more than balanced the cost of maintaining the state constabulary in those states which have it.

Women's organizations will sponsor the proposal as a means of combating public "petting parties" along the highways, while fishermen and hunters' organizations, motor clubs, poultry raisers, wool growers and others will also favor it, according to the chamber of commerce.

RUTH DELIGHTED BY BALLOT SUCCESS

CHICAGO, April 11.—"Thrilled to death? No—just delighted."

Thus Mrs. Ruth Hanna McCormick, daughter of Mark Hanna and widow of Senator Medill McCormick, summed up her emotions over yesterday's primary which resulted in her nomination for congressman-at-large from Illinois.

Sharing her triumph with her, was Alice Roosevelt Longworth, an old friend, who came from Washington with the expressed intention of helping Mrs. McCormick "count her votes."

These two chums "Alice and Ruth," sat in the latter's headquarters at a downtown hotel and, like veteran politicians, watched far into the night as the results came in. They did not retire until Mrs. McCormick's victory was assured.

ALLEGED DOPE RING SHATTERED IN OHIO

CLEVELAND, April 11.—One of northern Ohio's largest dope rings was believed broken up here early today according to Dr. H. H. Wouters, federal narcotic agent in charge of Ohio and Michigan, who led raiding parties into several suspected Cleveland districts last night and this morning.

At least fifteen men and nine women were arrested during the raids which were made suddenly and with greatest secrecy. Last night's raids netted nine men and nine women.

This morning six more men were taken into custody. One has been charged with violation of the Harrison narcotic act, but his name was temporarily withheld by federal authorities. He is said to be one of the "biggest" narcotic traders in the mid-west.

USED AS SANITARIUM

MOSCOW, April 11.—The summer estate of Feodor Chaliapin, famous Russian basso, near Theodosia, City of Yarovsk, on the Volga River, which was confiscated by the Soviet government, is to be turned into a children's sanitarium and a summer home for "Pioneers"—the communist Boy and Girl Scouts.

NARCOTIC FARMS TO BE CONSIDERED

WASHINGTON, April 11.—A nation-wide plea for the establishment of narcotic farms for federal prisoners will be presented to the house judiciary committee on April 28, Rep. Porter (R) of Pennsylvania, author of the measure, said today.

The pleas are contained in nearly 1,000 letters which have been received by Porter. They come from federal judges, prison officials, civic workers and former "dope" addicts.

The sentiment shown for action by the federal government to curb the narcotic evil is remarkable, said Porter. "I have never experienced such demands in my legislative service."

MURDER, RIOTS AND BOMBINGS REVEALED AT KU KLUX HEARING

Ousted Members Say Depredations Part Of Klan Policy

PITTSBURGH, April 11.—Murder, riots, church bombings—a very considerable form of terrorism was perpetrated by the Ku Klux Klan "to strengthen feeling within the organization," counsel for five ousted members of the order in Pennsylvania charged today as the banished Klansmen pressed their defense in the \$500,000 Klan suit against them in federal court here.

The banished Klansmen seek an accounting of more than \$200,000, which they say was collected by the secret order in this state, while the Klan in turn seeks damages for the ousted members, alleged interference in the organization's activities.

MARRIES TO SLICE DOWN PRISON TERM

NEWARK, N. J., April 11.—Directly following his marriage to Mrs. Mary O'Brien here, Arthur Betschick, 25, will begin a three-months' jail sentence in expiation for killing the woman's first husband, John L. O'Brien. Betschick confessed that he shot O'Brien, who was his cousin, when the latter reached to ward his hip pocket. O'Brien was reaching for a cigarette case, but Betschick thought he was about to draw a gun.

In court here Betschick was offered the choice of six months in prison, or a sentence of three months if he would marry the dead man's widow. Mrs. O'Brien testified she bore Betschick a child three months ago and wanted to marry him to "give the baby a name." Betschick decided to marry her and thus cut his sentence to three months.

BLACKMER IGNORES SUBPOENA TO TRIAL OF HARRY SINCLAIR

Two Others Remain In Europe To Avoid Trial

WASHINGTON, April 11.—The name of Harry M. Blackmer, former American oil man, was called futilely three times today at the criminal conspiracy trial of Harry F. Sinclair.

Blackmer is one of the three missing witnesses in the Teapot Dome case. At present, he is in France with a subpoena in his pocket.

The government would like to question him, James E. O'Neill, also in Europe, and Henry Smith Oiler, last heard of in Africa, about a peculiar oil deal which resulted in profits for them and Sinclair which later turned into Liberty bonds.

Certain of these bonds, to the amount of \$233,000, found way into the hands of former Secretary of Interior Albert B. Fall and it is the government's contention they were a bribe to induce him to lease the Teapot Dome naval oil reserve to Sinclair.

Fall, named as a party to the alleged conspiracy, is too ill to stand trial.

Roberts then called half a dozen western bankers who produced Fall's account in 1922. These witnesses were on the stand only briefly and their testimony was merely for the purpose of further verifying the fact that Fall had the Sinclair Liberty bonds in his possession. There was no cross examination.

Those honored by the award were; the unknown soldier, whose body lies in Arlington Cemetery; Colonel Charles A. Lindbergh; Charles D. Velle of Minneapolis; Major W. D. Bonstetten, president of the Swiss Federation Boy Scouts; Clarence H. Howard, of St. Louis; Arthur N. Cotton of the Y. M. C. A.; and William H. Cowles, publisher of Spokane, Wash.

TOLEDO BUSINESS MAN BEING SOUGHT

LOS ANGELES, April 11.—Arthur R. Baumbarger, 42, wealthy business man of Toledo, Ohio, was being sought by police here today in the belief that he is mysteriously missing.

Authorities were asked by Toledo police to hunt for Baumbarger, who was reported to have left the Ohio city sometime last month for Tijuana, Mexico. He carried \$10,000 with him at the time of his departure, police said.

KENTUCKY GRAND JURY STILL PROBES LEGISLATIVE SCANDAL

FRANKFORT, Ky., April 11.—The county grand jury here today was to continue its investigation of alleged off-color legislative activities of the 1928 state general assembly and charges of irregularities in the management and appropriation of funds during the administration of former Governor Fields.

Commonwealth's Attorney Wade Hampton Whitley, leader of the investigation, was occupied in prosecuting a murder case before the Franklin County Circuit Court yesterday, but was expected to resume the probe today. Six other members of the 1928 general assembly, which adjourned less than a month ago, have been summoned for questioning concerning reports of bribes and "influence" in the enactment of legislation.

Charges of irregularities in the insurance, fire prevention, and rates department are being investigated by Attorney General J. W. Cammack.

Governor Flom D. Sampson has authorized the attorney general to bring suit for recovery of any funds which evidence shows should be returned to the state.

Extradited Co-ed

Mrs. Valeria Lasher, 23, former University of California co-ed, who recently made a hurried trip across the continent from Los Angeles, Cal., to Bridgeport, Conn., has been called on to make a hurried return trip—in the custody of a deputy sheriff. He had a warrant for alleged embezzlement. When arrested Mrs. Lasher tried to hide in a bathtub full of water. In Los Angeles, Mrs. Lasher jumped a \$1,000 bond, and eloped with a 17-year-old student, fleeing cross country.

PROPOSAL FOR OHIO POLICE SYSTEM IS NOW BEING URGED

Say Farm Groups Favor Measure To Get Pro- tection

COLUMBUS, O., April 11.—With a number of influential Ohio organizations sponsoring it, a proposal for a state highway police system will probably be introduced at the next session of the state legislature here, it was learned today.

The Ohio Chamber of Commerce announces that it has sounded out sentiment concerning the proposal and that most of the farming groups, such as the Ohio State Grange and the Ohio Farm Bureau Federation, would undoubtedly back the measure.

Farm leaders maintain that a state highway police system is only adequate means of coping with the increasing thievery prevalent in rural sections, according to the chamber of commerce. It is also pointed out that collection of fines and recovery of stolen property has more than balanced the cost of maintaining the state constabulary in those states which have it.

Women's organizations will sponsor the proposal as a means of combating public "petting parties" along the highways, while fishermen and hunters' organizations, motor clubs, poultry raisers, wool growers and others will also favor it, according to the chamber of commerce.

RUTH DELIGHTED BY BALLOT SUCCESS

CHICAGO, April 11.—"Thrilled to death! No—just delighted!" Thus Mrs. Ruth Hanna McCormick, daughter of Mark Hanna and widow of Senator Medill McCormick, summed up her emotions over yesterday's primary which resulted in her nomination on the Republican ticket for congressman-at-large from Illinois.

Sharing her triumph with her, was Alice Roosevelt Longworth, an old friend, who came from Washington with the expressed intention of helping Mrs. McCormick "count her votes."

DENEEN FACTION IS SWEEP TO VICTORY IN CHICAGO VOTING

Grand Jury Probe Of Election Trouble Is Promised

CHICAGO, Ill., April 11.—A grand jury investigation into murders, slugging, kidnapping, bombing, withholding ballot boxes and other outrages which marked Chicago's primary election yesterday, became a certainty here today.

Attorney General Oscar Carlstrom, on the appeal of Senator Deneen, is arranging to impanel a special grand jury to sift disorders and to take over functions of the defeated state's attorney, Robert E. Crowe.

CHICAGO, April 11.—With a majority of 450,000, Secretary of State Louis L. Emmerson, heading the U. S. Senator Charles Deneen faction, swept to victory on the Republican side in Chicago's primary election, it was computed from returns received at noon today.

Judge John A. Swanson, prospering in the wake of Emmerson's plurality over Governor Small in the gubernatorial race, defeated State's Attorney Robert E. Crowe by 200,000 in the Cook County prosecutor's office.

Frank O. Lowden won eight of the twenty delegates to the national convention.

Otis F. Glenn, Deneen candidate for United States senator, triumphed over Governor F. L. Smith by 110,000 votes in Cook County at Chicago, and added 150,000 more over the state.

Governor Len Small and Mayor William Hale Thompson have conceded defeat of their ticket.

Emmerson carried to victory his running mates for lieutenant governor and secretary of state. Fred E. Sterling, incumbent, won the former berth and William J. Stratton, the latter.

Oscar E. Carlstrom, attorney general, who sought renomination for the office under the Deneen banner, was successful over state Senator John Bailey of the "America first" combine.

Former H. McComick and Henry R. Rathbone won the nominations for congressmen-at-large.

WASHINGTON, April 11.—The primary election in Illinois was a victory for the dries, it was claimed in an Anti-Saloon League statement issued here today by F. Scott McBride, the league's general superintendent.

"The Illinois primary," McBride said, "has resulted in a victory for the dries both as to congress and the state legislature. The election returns definitely indicate that at least two thirds of those nominated by the majority parties in the different districts are dry. These will beyond question be elected on election day."

Illinois will have at least eighteen dry members in the next congress, McBride predicted.

SPRINGFIELD, Ill., April 11.—Returns from 4430 precincts out of 8634 in the state give, for governor:

Emmerson, 685,352;
Small, 392,355.
Emmerson's lead: 292,997.

Returns from 3075 precincts out of 6634 give, for United States senator:

Glenn, 515,060;
Smith, 264,907.
Glenn's lead: 150,153.

ALLEGED DOPE RING SHATTERED IN OHIO

CLEVELAND, April 11.—One of northern Ohio's largest dope rings was believed broken up here early today according to Dr. H. H. Wouters, federal narcotic agent in charge of Ohio and Michigan, who led raiding parties into several suspected Cleveland districts last night and this morning.

At least fifteen men and nineteen women were arrested during the raids which were made suddenly and with greatest secrecy. Last night's raids netted nineteen men and nineteen women.

This morning six more men were taken into custody. One has been charged with violation of the Harrison narcotic act, but his name was temporarily withheld by federal authorities. He is said to be one of the "biggest" narcotic traders in the mid-west.

USED AS SANITARIUM

MOSCOW, April 11.—The summer estate of Feodor Chaliapin, famous Russian basso, near Thro. City of Yaroslavl, on the Volga River, which was confiscated by the Soviet government, is to be turned into a children's sanitarium and summer home for "Pioneers"—the communist Boy and Girl Scouts.

DAYTON FIRM GIVEN CONTRACT FOR FISH HATCHERY IN XENIA

Contract for the construction of the new state fish hatchery in Greene County was awarded at Columbus last week to Weeks and Co., Dayton, O., which submitted a bid of \$14,408 for the project.

This was considered the lowest and best bid of a number received. The bids ranged as high as \$15,000.

Work on the hatchery will be started as soon as preliminary details such as arranging for a bond, are completed. The contract specifies the construction must be finished by October 1, 1928.

The Dayton firm built the new state fish hatchery at Piqua last year and its road contracting department also constructed the Columbus Pike a year ago.

It is also planned to raise deer and racoons on the hatchery site on the Spahr property north of Xenia on the Springfield Pike. Six racoons are already there, having been recently donated by the Greene County Coon and Fox Hunter Association.

The lake on the hatchery site, at present drained dry, will be fed by two springs. It is expected that eight beds will be built.

Charles V. Truax, state director of agriculture, and Engineer F. A. Farley are quoted as having declared the local hatchery site is one of the best in Ohio. Beautification work is also part of the project.

BOYS AND GIRLS ARE JOINING CLUBS AS WORK GETS STARTED

Boys and Girls 4-H Clubs are getting under way in Greene County says J. R. Kimber, county agricultural agent. Boys and girls may enroll in calf, pig, poultry, sewing, food and potato clubs.

Sixteen boys and two girls have enrolled in the Baby Beef Club and about an equal number have dairies selected for the Dairy Club. Other boys and girls are starting "Biddy" off with a nice brood. Still others prefer to grow a nice patch of potatoes. Girls clubs consist chiefly of sewing and food demonstrations.

These reasons for joining 4-H Clubs are furnished by Kimber:

1. It will give profitable work that you will like.
2. It will give the opportunity to learn, in a practical way, the business which you may later follow.
3. It will give an opportunity to help other people by demonstrating the practices learned in club work.
4. It will give skill in working with your hands, which will be valuable in whatever you may follow.
5. It will teach you thrift and business methods.
6. It will give you an opportunity to learn to work with other people.
7. It will give you a chance to develop leadership.
8. It will give you high standards of health, efficiency, loyalty, and sportsmanship.
9. It will give you association with young people who are interested in the same things you are.
10. It will give you acquaintance and friendship among high types of young people and older people who are interested in promoting the wholesome development of the boys and girls in their communities.
11. It will develop you in an appreciation of country life and the great work of nature.
12. It will help you to realize the value of an education.
13. It will lead you through the 4-H path to the great goal of life happiness based on service.

eleven that won fifteen and lost nine games. Four games were tied. In 1925 his football team broke even on the season, winning four games and losing four. The basketball quintet, however, won nine games and lost four the same year.

Kolb produced one of the high school's best football teams in years in 1926. Eight games were won and two lost, both by scores of 7 to 0. The basketball season was marked by six victories against nine defeats.

The 1927 football season was also fairly successful as three games were won, three lost and four tied. The basketball team of 1927-28, after a discouraging start, snapped out of it and won thirteen games and dropped but six, winning the Miami Valley League championship.

"Coach Kolb was admired in his capacity as teacher as well as coach and we all hate to see him go," declared Superintendent Pendry.

Principal Louis Hammerle was no less strong in his commendation of Kolb.

"Vic will be missed here, not only as an excellent coach but because of his worthwhile influence on the boys with regard to good sportsmanship," he declared.

"He developed in the boys a sense of good sportsmanship and a reasonable interest in athletics. Again as a teacher of modern history he has been a conscientious worker. He took a keen personal interest in things besides athletics and was equally interested in class undertakings and plays besides his own project."

"His enthusiasm and ideas have been available for all branches of school activities, both in scholastic and athletic form."

J. D. Adair, president of the school board, asserted Kolb will be a hard man to replace and that his equal will be difficult to find. He considers his decision to quit the coaching game a distinct loss to the sport.

"Kolb showed more results at the high school than any other coach the school ever had, including even Jerry Katherman, now athletic director at Capital University," was Adair's tribute.

Yellow Springs

Work on the new high school building was begun last week on the ground given the village for that purpose, by the late John Bryan. The location is ideal for a building of this kind and when completed will be a credit to our town. The lot is located where tourists passing through to Springfield or Xenia will have a full view of the building. The old building on Dayton St. will be remodeled for the grades. The work will be started as soon as the school closes next month.

The Mizpah Sunday School class of the Methodist Church met Monday afternoon at the home of Mrs. F. W. Hughes. The assistant hostesses were, Mrs. W. A. Stewart and Miss Mable Snively. After the business meeting a social hour was spent during which refreshments were served. There were twenty-seven ladies present. Mrs. J. W. Patton is the teacher of this class.

The Westminster Sunday School class of the Presbyterian Church will hold a rummage sale in the Hughes Tin Shop, Saturday, April 14.

eleven that won fifteen and lost nine games. Four games were tied. In 1925 his football team broke even on the season, winning four games and losing four. The basketball quietest, however, won nine games and lost four the same year.

Kolb produced one of the high school's best football teams in years in 1926. Eight games were won and two lost, both by scores of 7 to 0. The basketball season was marked by six victories against nine defeats.

The 1927 football season was also fairly successful as three games were won, three lost and four tied. The basketball team of 1927-28, after a discouraging start, snapped out of it and won thirteen games and dropped but six, winning the Miami Valley League championship.

"Coach Kolb was admired in his capacity as teacher as well as coach and we all hate to see him go," declared Superintendent Pendry.

Principal Louis Hammer was no less strong in his commendation of Kolb.

"Vic will be missed here, not only as an excellent coach but because of his worthwhile influence on the boys with regard to good sportsmanship," he declared.

"He developed in the boys a sense of good sportsmanship and a reasonable interest in athletics. Again as a teacher of modern history he has been a conscientious worker. He took a keen personal interest in things besides athletics and was equally interested in class undertakings and plays besides his own project."

"His enthusiasm and ideas have been available for all branches of school activities, both in scholastic and athletic form."

J. D. Adair, president of the school board, asserted Kolb will be a hard man to replace and that his equal will be difficult to find. He considers his decision to quit the coaching game a distinct loss to the sport.

"Kolb showed more results at the high school than any other coach the school ever had, including even Jerry Katherman, now athletic director at Capital University," was Adair's tribute.

Yellow Springs

Work on the new high school building was begun last week on the ground given the village for that purpose, by the late John Bryan. The location is ideal for a building of this kind and when completed will be a credit to our town. The lot is located where tourists passing through to Springfield or Xenia will have a full view of the building. The old building on Dayton St. will be remodeled for the grades. The work will be started as soon as the school closes next month.

The Mizpah Sunday School class of the Methodist Church met Monday afternoon at the home of Mrs. F. W. Hughes. The assistant hostesses were, Mrs. W. A. Stewart and Miss Mable Snively. After the business meeting a social hour was spent during which refreshments were served. There were twenty-seven ladies present. Mrs. J. W. Patton is the teacher of this class.

XENIA GIRLS WILL ATTEND DINNER FOR ACADEMIC AWARD

DELAWARE, O., April 11—Miss Eleanor McKay, 139 W. Church St., and Miss Elizabeth Alexander, 564 N. Detroit St., Xenia, have been invited to a scholarship dinner which the deans of Ohio Wesleyan University here will give Monday evening, April 16.

The dinner is to be given in honor of members of the freshman class who made an average grade of "B" or better in courses taken during the first semester this year. Only freshmen who made such an average the first semester have been invited to attend this event.

The scholarship dinner is being given here for the first time this year as a part of the general effort which Ohio Wesleyan University is making to promote greater interest in scholarship throughout the student body. Dr. William E. Smyser, dean of the college of liberal arts, Mrs. Eugene R. Oversturt, dean of women, and William L. Sanders, dean of men, are sponsoring the dinner and will act as hosts.

Only 104 freshmen out of a class of approximately 600 attained a grade average of "B" or higher during the first semester.

THOMPSON SILENT ON PROMISE TO QUIT

CHICAGO, April 11.—When asked if he would resign from the office of mayor of Chicago as he had declared he would in the event State's Attorney Crowe was defeated, William Hale Thompson said here today:

"The only serious loss from the point of view of the city administration is that of the state's attorney's office. I was very sorry to see Bob Crowe defeated."

"Yes, Mayor Thompson, but are you going to resign?" he was asked.

"While we concede defeat of Small, Dalley and Crowe," continued "Big Bill the Bullier," "we believe that we have won a victory in the sanitary district of Chicago. Our candidates who have been defeated are mainly down state men."

"Yes, and about that resignation. Mr. Mayor?" chorused a group of reporters.

"We will still fight on for Chicago. That's all, gentlemen," boomed Big Bill.

JUNIOR RECEPTION WILL BE HELD MAY 11

Annual junior-senior reception of Central High School will be held in the school gymnasium Friday night, May 11, school officials announce.

The junior class will be the guest of the seniors for the event, which is held every year and is considered the outstanding social attraction on the school calendar.

Plans for the reception, which will be attended only by high school students, are already being made.

ELEAZER

Mrs. Sallie Conklin is extremely ill.

Mrs. Sarah Weaver went to Dayton to see her son, Frank, who is in Miami Valley Hospital.

Mrs. Thomas Faulkner, Mrs. L. H. Hartsook and Miss Carrie Smith attended the Presbyterian convention at Wilmington, meeting some friends from Frankfort, who were delegates.

ALICE FOLEY HEADS "LITTLE THEATER" ORGANIZATION HERE

Xenians interested in the "Little Theater" movement in this city elected temporary officers for the organization at a meeting in the assembly room of the Court House Tuesday night.

Miss Alice Foley was elected president; Harry Higgins, vice president; Miss Elsie Canby, secretary; and Harry Kiernan, treasurer.

A committee of three, with Miss Esther Smith, chairman, was appointed to submit a name for the new organization.

It was decided to ask Dr. Brand, president and director of the Community Players, Urbana, to attend the next meeting and give a talk on the work. Date for this meeting will be announced later.

All persons interested in the movement are urged to attend the next meeting. Several persons outside of Xenia in Greene County were present at the session Tuesday night and from the great amount of interest shown, it is believed the organization is desired by a great number.

"GOOSE HANGS HIGH" OFFERED THIS WEEK

"The Goose Hangs High," a play by Lewis Beach, will be presented by the junior class of Central High School as their annual stage vehicle Thursday and Friday nights at Jean B. Elwell Auditorium.

The play will start promptly at 8 o'clock.

Reserved seats were placed on sale at Sohn's drug store at noon Wednesday. Tickets cost 50 cents and may also be purchased at the door both nights. The sale is progressing rapidly.

The play, under the direction of Miss Jeannette B. Elwell, is being produced by special arrangement with Samuel French.

The production was starred on Broadway several years ago and is said to have an unusually clever theme.

PLEADS NOT GUILTY TO LIQUOR CHARGES

George Holstein pleaded not guilty to separate charges of transporting and possessing liquor before Probate Judge S. C. Wright Wednesday morning.

Date for the joint hearing of the two charges has not been announced. His bond was fixed at \$500 on each charge.

Holstein was arrested in Cedarville Tuesday night by Sheriff Ohmer Tate, assisted by Deputy Sheriff George Sugden and O. H. Cornwell, county road patrolman. The officers surprised him in the act of making a delivery of two gallons of liquor, contained in two cans, they reported.

FOUR PRISONERS NOW AT MANSFIELD

Four negro prisoners, indicted by the January grand jury, were removed to the Ohio State Reformatory at Mansfield, O. Tuesday in the custody of Sheriff Ohmer Tate to begin prison sentences.

They were Nelson Posey, Elwood Gordon, Ulysses Jenkins and Ralph Warren.

Ulysses Jenkins, alias Remus Jackson, 26, Springfield, was sentenced to serve from one to twenty years for auto theft. Posey must serve from one to fifteen years for robbery and Gordon, a Springfield youth, faces the prospect of serving from one to twenty years for auto theft.

DORIS PADMORE

In Paris!

Now, American girls are showing the French how to wear clothes! Doris Padmore, lovely New York City girl whose home is at 70 Barrow Street, is in Paris, displaying gowns for Jean Patou, the famous French designer.

The girls over there have another trick to learn from her. She says: "Everyone marvels at the lustre and softness of my hair. Many of the girls ask me if I use Danderine. I always delight in telling the easy way we New York girls take care of our hair. All we do is just put a few dashes of Danderine on our brushes, each time we dress our hair. The first few times I used it all my dandruff disappeared and every time it gives new sparkle and life to my hair. It keeps it in place, too, just like I arrange it and makes my scalp always feel grand. I don't have to shampoo nearly so often, either, now that I'm using Danderine."

Every application of Danderine refreshes and tones your scalp. It removes the oily film and makes every strand gleam with new lustre. It dissolves dandruff and keeps it out of your hair. It isn't sticky or oily. All drug stores have the big 35c bottles.

Editor Gazette:

TELEPHONE

The first sentence was heard over the telephone in Boston, about fifty years ago. The instruments were crude, one could hear sounds only a short distance away.

Alexander Graham Bell had a nationwide idea before him. The ideal and aim today of the telephone company is a telephone service for the nation, so far as humanly possible, free from imperfections, errors or delays, and enabling at all times any one anywhere to pick up a telephone and talk to any one else anywhere else, clearly, quickly and at a reasonable cost. This year, 1928 brought the service of the Bell Telephone System nearer that goal. During the past year, the vital importance of the telephone service was borne in upon those concerned with the relief of suffering in the flooded areas of the Mississippi Valley and the New England States, to an extent that never would have been realized under normal conditions. Line gangs were sent out to reinforce threatened lines to lift the wires above highwater marks on temporary supports, to string lines for emergency service. There has been hardly a hamlet throughout the entire flooded area with which it has not been possible to maintain direct two-way, personal communication over the network of telephone wires that crosses and recrosses this vast territory comprising the Mississippi Basin. Throughout the whole flooded area linemen worked in motor-boats, rowboats and canoes, linemen worked nude and dived from railroad embankments, swimming some forty feet to each pole in order to reach the submerged cross arms and untie the lines. Maintaining the lines and keeping the switchboards in operation under flood conditions was a task calling for extraordinary resourcefulness, fidelity to duty and, in scores of cases, heroism of the highest order. Loyalty to the public interest was at all times the rule, not the exception. 400,000 people have been moved from their threatened homes to places of safety—with the loss of but a half dozen lives. Here is a record of a tremendously difficult task well done. Secretary Hoover said it couldn't have been done without the telephone. Dr. J. M. Cline in charge of the U. S. Weather Bureau, New Orleans, stated if the telephone system had never done anything else in all of its fifty-odd years it would have earned all the credit it could possibly receive for the assistance it has rendered in this single phase of flood work. The telephone played a unique part in the Mississippi flood, because it is the only form of personal communication available to all without the intervention of a trained operator, and partly because of the wide-spread nature of its service.

September, 1927, about four hours before President Coolidge and President Calles formally opened the new telephone line, which brought the principal cities of Mexico into voice-to-voice communication with the United States, a tornado at St. Louis wrecked much of the plant and put out of service the line which it had been intended to use. Alternative circuits were set up around the outside of the storm area, and when it was time for the two presidents to exchange greetings, the conversation took place on scheduled time without difficulty.

When Col. Charles Lindbergh was received at Washington on his return from his spectacular flight across the Atlantic, a chain of fifty radio stations was linked up by long distance telephone wires to broadcast the reception ceremonies. The use of long distance telephone wires for the transmission of pictures, which was first established as a commercial service a few years ago, was extended, during 1927 by establishment of stations at Atlanta, Los Angeles and St. Louis, making now a network of eight cities at which this service is regularly in operation.

The Bell system research organization, comprising over 4,000 engineers, chemists and other scientists and their assistants, employed in the Bell Telephone Laboratories, Inc., have continued their tireless search along many lines of technical investigation for improvements in telephone apparatus and methods, whereby the speed, quality and economy of telephone service may be further enhanced. It is a far cry from Alexander Graham Bell, working with one assistant in a Boston attic, to these highly organized groups constantly subjected to the most minute scrutiny and investigation every phase of the science of communication which has to do with telephone service. Of particular interest was the opening about the first of the year of a northern transcontinental telephone line connecting Minneapolis with Spokane, Seattle and Portland, Ore. This is the third long distance telephone line to span the continent. The other two are the line between New York and San Francisco, through Denver and Salt Lake City, which was completed in 1915, and a southern transcontinental telephone line from New Orleans, through Los Angeles and San Diego, by way of Dallas and El Paso, which was opened to public use about four years ago.

February 9th, 1927, E. T. Carter, president of the Ohio Bell Telephone Company, placed a call for Col. J. E. Shreve, of London, England. In less than three minutes, Col. Shreve said, "Yes, Mr. Carter, I recognize your voice and hear you very distinctly." Mr. Carter said, "I am glad to be the first to speak from Cleveland to the first man who ever heard the human voice across the Atlantic." Transatlantic service is being rapidly extended on both sides of the Atlantic. The telephone plays a stupendous part in these United States. Cupid is active with the telephone. June, 1927, a marriage was solemnized over the telephone at Des Moines, Ia., by the bride's pastor, who was at Oklahoma City. The ceremony joined Jean Pette, 18, telephone operator and Harvey Webster, 21, Rev. Paul Clark, who tied the two into one said over the telephone, "I pronounce thee man and wife until death do part thee—telephone romance. December, 1927, Mr. Beckman, of San Francisco, placed a call for his son at Buffalo, who was attending law school, asking what he most desired for Christmas. With no hesitancy the son said, "Yes, father, the price of a long distance call to talk to Eleanor Cunningham, St. Augustine, Fla." The price was forthcoming, so Christmas morning, Eleanor was called from her breakfast to the telephone. "This is LeRoy, I want to tell you this Christmas morning—I love you." "Yes, LeRoy, I hear your charming voice this Christmas morning here at St. Augustine is the most glorious pleasure I have ever experienced. LeRoy, I think the telephone the most wonderful invention ever." "Yes, Eleanor, to hear your sweet voice over the telephone is worth more to me than all else—except Eleanor."

BRANCH LIBRARIES TO BE STARTED SOON

Two new branch libraries will be established by the Greene County District Library soon at Bowersville and at Caesar Creek High School, Miss Mildred Sandoe, librarian, announces.

There are now five branches of the county library in operation with a monthly circulation of between 2,200 and 2,500 volumes. The branch at Yellow Springs was the busiest in March, as it circulated 725 books. Ross was next with a circulation of 639. Wilberforce third with 412. Jamestown fourth with 355 and Springfield Valley for what's left with 103.

The book collection to be sent to Bowersville is catalogued and ready for circulation but the shelving for the new branch has not been completed by boys of Bowersville High School. The Caesar Creek branch will not be opened for several weeks, but work on it will start within a few days.

SPRING HILL P. T. A.

ELECTS OFFICERS.

Annual election of officers featured the meeting of the Spring Hill P. T. A. Monday afternoon.

Mrs. Elmer Yeakley was elected president; Mrs. Carl Knisley, vice president; Mrs. Brant U. Bell, recording secretary; Mrs. Crawford, treasurer; Mrs. W. L. Wilbur, publicity secretary.

Mrs. John Bath and Mrs. Lee Fudge were appointed to install the officers at the next meeting which will be held May 8 at 7:30 o'clock and will be celebrated at "Father's Night."

The program Monday was given by the first grade in charge of Miss Harriet Keller.

Mrs. Elmer Yeakley, Mrs. Russell Emmons and Miss Harriet Keller were appointed to audit the books.

It was decided to rent a playground and equipment and to gravel part of the school grounds.

ENTERTAINS FRIENDS

NEAR JAMESTOWN

Miss Cleo Shanks entertained a number of friends with a covered dish supper at her home on Oak Lawn Farm, R. F. D. No. 3, Jamestown, last Wednesday.

After supper, they attended the theater at Wilmington and the skating rink at Blakeslee.

Those present were the Misses Vesta Baker, Dorothy Pauline Cline, Dorothy Inez Cline, Mildred Fawley, Martha Franklin, Mary Smith, Reva Robinson, Lucille O'Bryant, Kathryn Linton, Elizabeth Johnston, Helen Huffman, Frances Tobin and the Shanks and Messers, Eugene Ross, Harold Lucas, Eugene Van Pelt, Herbert Bowermaster and Ernest Geary.

JUNIOR WOMEN'S CLUB

HEARS INTERESTING PAPER.

Mrs. A. C. Messenger read an interesting paper on "Communism, Fascism and Bolshevism in the World" as a feature of the meeting of the Junior Women's Club at the home of Mrs. S. M. McKay, W. Church St., Tuesday afternoon.

Delegates and alternates for the meeting of the Ohio Federation of Women's Clubs at Lima, O., next week were appointed at this meeting. The delegates are: Mrs. Marshall Wolf and Mrs. S. M. McKay. Mrs. A. C. Messenger and Mrs. S. O. Hale were named alternates.

The J. F. F. Club will meet

at the home of Mr. and Mrs. Lawrence Luttrell, W. Church St., Friday evening, April 13. Each family is asked to bring green cakes and one-half dozen bananas.

The Hawkins Community Club

will hold its regular meeting at the school house Friday evening, April 13, at 8 o'clock. A good program has been arranged and refreshments consisting of sandwiches, fruit salad and coffee will be served. The public is cordially invited.

The Rev. Allen Dunkleberger,

and the Rev. A. J. Furstenberger, who are conducting revival service in the Tabernacle, E. Third St., wish to extend a hearty invitation to the churches and pastors in Xenia to attend the services Sunday afternoon and evening. A large chorus of singers from Springfield will feature both the 2:30 p. m. and 7:45 p. m. meetings Sunday.

Mrs. D. W. Cosley, W. Second St.,

returned Tuesday from a trip to Europe and the Holy Land. She had been away since January.

Mr. and Mrs. Harry Sparks have

returned from Los Angeles, Calif., where they spent the winter months.

The White Chapel Community Club

will hold its monthly meeting at the school house Friday night. A special program has been arranged. Each member is asked to bring sandwiches and small cakes. Everybody invited.

Mr. and Mrs. Kenneth L. Cox,

Akron, O., were the week-end guests of Mr. and Mrs. C. H. Jenkins of this city. They arrived last Friday evening and went to Mason, O., Sunday night to spend a brief time with Mr. Cox's parents, returning to their home in Akron, the same evening.

Mrs. Rue W. Patterson and her

mother, Mrs. Woodward, Dayton, O., were the guests of Mr. and Mrs. Dallas Buckles and family, N. West St., Monday evening.

Mrs. F. J. Hill, who has been the

guest of Mr. and Mrs. R. D. Adair, N. Galloway St., for several days, returned to her home in Pittsburgh, Tuesday.

Old Town Run Community Club

members are asked to bring meat sandwiches and fruit to the meeting Friday evening.

Mrs. Charles Weingart, Roger

St., received a painful injury to the right hand when she accidentally caught her thumb in an electric wringer Monday morning.

Mr. Walter A. Galloway, Xenia,

student at Ohio State University, has just been elected feature editor of the Ohio State Engineer.

The new staff will take charge of the magazine

for the May issue and continue its publication next year. Mr. Galloway is the son of Mr. John Galloway, S. Detroit St.

Mrs. Joseph Garrett, Old Town,

is spending several days with her son-in-law and daughter, Mr. and Mrs. J. H. Canady, Hill St.

Mr. J. I. Stout, this city, attended

the baseball game between Cincinnati and Chicago at Cincinnati, Wednesday.

Members of the choir of Christ

Episcopal Church will hold their monthly dinner at the Parish house Saturday evening. Several guests will attend the dinner.

Mr. Robert Adair will be host to

a dancing party at his home on N. Galloway St., Friday evening following the Junior class play, "The Goose Hangs High."

ALICE FOLEY HEADS
"LITTLE THEATER"
ORGANIZATION HERE

Xenians interested in the "Little Theater" movement in this city elected temporary officers for the organization at a meeting in the assembly room of the Court House Tuesday night.

Miss Alice Foley was elected president; Harry Higgins, vice president; Miss Elsie Canby, secretary; and Harry Kiernan, treasurer.

A committee of three, with Miss Esther Smith as chairman, was appointed to submit a name for the new organization.

It was decided to ask Dr. Brand, president and director of the Community Players, Urbana, to attend the next meeting and give a talk on the work. Date for this meeting will be announced later.

All persons interested in the movement are urged to attend the next meeting. Several persons outside of Xenia in Greene County were present at the session Tuesday night and from the great amount of interest shown, it is believed the organization is desired by a great number.

"GOOSE HANGS HIGH"
OFFERED THIS WEEK

"The Goose Hangs High," a play by Lewis Beach, will be presented by the Junior class of Central High School as their annual stage vehicle Thursday and Friday nights at Jean B. Elwell Auditorium.

The play will start promptly at 8 o'clock.

Reserved seats were placed on sale at Sohn's drug store at noon Wednesday. Tickets cost 50 cents and may also be purchased at the door both nights. The sale is progressing rapidly.

The play, under the direction of Miss Jean B. Elwell, is being produced by special arrangement with Samuel French.

The production was starred on Broadway several years ago and is said to have an unusually clever theme.

DELAWARE, O., April 11—Miss

Eleanor McKay, 130 W. Church St., and Miss Elizabeth Alexander, 564 N. Detroit St., Xenia, have been invited to a scholarship dinner which the deans of Ohio Wesleyan University here will give Monday evening, April 16.

The dinner is to be given in honor of members of the freshman class who made an average grade of "B" or better in courses taken during the first semester this year. Only freshmen who made such an average the first semester have been invited to attend this event.

The scholarship dinner is being given here for the first time this year as a part of the general effort which Ohio Wesleyan University is making to promote greater interest in scholarship throughout the student body. Dr. William E. Snyder, dean of the college of liberal arts, Mrs. Eugene R. Overturn, dean of women, and William Sanders, dean of men, are sponsoring the dinner and will act as hosts.

Only 104 freshmen out of a class of approximately 600 attained a grade average of "B" or higher during the first semester.

THOMPSON SILENT

ON PROMISE TO QUIT

CHICAGO, April 11.—When asked if he would resign from the office of mayor of Chicago as he had declared he would in the event State's Attorney Crowe was defeated, William Hale Thompson said here today:

"The only serious loss from the point of view of the city administration is that of the state's attorney's office. I was very sorry to see Bob Crowe defeated."

"Yes, Mayor Thompson, but are you going to resign?" he was asked.

"While we concede defeat of Small, Dalley and Crowe," continued "Big Bill the Builder," "we believe that we have won a victory in the sanitary district of Chicago. Our candidates who have been defeated are mainly down state men."

"Yes, and about that resignation, Mr. Mayor?" chorused a group of reporters.

"We will still fight on for Chicago. That's all, gentlemen," boomed Big Bill.

JUNIOR RECEPTION

WILL BE HELD MAY 11

Annual junior-senior reception of Central High School will be held in the school gymnasium Friday night, May 11, school officials announce.

The senior class will be the guest of the juniors for the event, which is held every year and is considered the outstanding social attraction on the school calendar.

Plans for the reception, which will be attended only by high school students, are already being made.

ELEAZER

Mrs. Sallie Conklin is extremely ill.

Mrs. Sarah Weaver went to Dayton to see her son, Frank, who is in Miami Valley Hospital.

Mrs. Thomas Faulkner, Mrs. L. H. Hartsok and Miss Carl Smith attended the Presbyterian convention at Wilmington, meeting some friends from Frankfort, who were delegates.

Mr. and Mrs. Allen Apple of Dayton spent Easter with Mr. and Mrs. William Miller.

Miss Bickett, a high school teacher, entertained the Caesar creek High School boys and girls at a party recently.

In Paris!

Now, American girls are showing the French how to wear clothes! Doris Padmore, lovely New York City girl whose home is at 70 Barrow Street, is in Paris, displaying gowns for Jean Patou, the famous French designer.

The girls over there have another trick to learn from her. She says: "Everyone marvels at the lustre and softness of my hair. Many of the girls ask me if I use brillantine. I always delight in telling the easy way we New York girls take care of our hair. All we do is just put a few dashes of Danderine on our brushes each time we dress our hair. The first few times I used it all my dandruff disappeared and every time it gives new sparkle and life to my hair. It keeps it in place, too, just like I arrange it and makes my scalp always feel grand. I don't have to shampoo nearly so often, either, now that I'm using Danderine."

Every application of Danderine refreshes and tones your scalp. It removes the oily film and makes every strand gleam with new lustre. It dissolves dandruff and keeps it out of your hair. It isn't sticky or oily. All drug stores have the big 35c bottles. —Ady.

TELEPHONE

The first sentence was heard over the telephone in Boston, about fifty-two years ago. The instruments were crude, one could hear sounds only a short distance away.

Alexander Graham Bell had a nationwide idea before him. The ideal and aim today of the telephone company is a telephone service for the nation, so far as humanly possible, free from imperfections, errors or delays, and enabling at all times any one anywhere to pick up a telephone and talk to any one else anywhere else, clearly, quickly and at a reasonable cost.

The year 1928 brought the service of the Bell Telephone System nearer that goal. During the past year the vital importance of the telephone service was borne in upon those concerned with the relief of suffering in the flooded areas of the Mississippi Valley and the New England States, to an extent that never would have been realized under normal conditions. Line gangs were sent out to reinforce threatened lines to lift the wires above highwater marks on temporary supports, to string lines for emergency service. There has been hardly a hamlet throughout the entire flooded area with which it has not been possible to maintain direct two-way, personal communication over the network of telephone wires that crosses and recrosses this vast territory comprising the Mississippi Basin. Throughout the whole flooded area linemen worked in motor-boats, rowboats and canoes, linemen worked nude and dived from railroad embankments, swimming some forty feet to each pole in order to reach the submerged cross arms and untie the lines. Maintaining the lines and keeping the switchboards in operation under flood conditions was a task calling for extraordinary resourcefulness, fidelity to duty and, in scores of cases, heroism of the highest order. Loyalty to the public interest was at all times the rule, not the exception. 400,000 people have been moved from their threatened homes to places of safety. With the loss of but a half dozen lives. Here is a record of a tremendously difficult task well done. Secretary Hoover said it couldn't have been done without the telephone. Dr. J. M. Cline in charge of the U. S. Weather Bureau, New Orleans, stated if the telephone system had never done anything else in all of its fifty-odd years it would have earned all the credit it could possibly receive for the assistance it has rendered in this single phase of flood work. The telephone played a unique part in the Mississippi flood, because it is the only form of personal communication available to all without the intervention of a trained operator, and partly because of the wide-spread nature of its service.

September, 1927, about four hours before President Coolidge and President Calles formally opened the new telephone line, which brought the principal cities of Mexico into voice-to-voice communication with the United States, a tornado at St. Louis wrecked much of the plant and put out of service the line which it had been intended to use. Alternative circuits were set up around the outside of the storm area, and when it was time for the two presidents to exchange greetings, the conversation took place on scheduled time without difficulty.

When Col. Charles Lindbergh was received at Washington on his return from his spectacular flight across the Atlantic, a chain of fifty radio stations was linked up by long distance telephone wires to broadcast the reception ceremonies. The use of long distance telephone wires for the transmission of pictures, which was first established as a commercial service a few years ago, was extended, during 1927 by establishment of stations at Atlanta, Los Angeles and St. Louis, making now a network of eight cities at which this service is regularly in operation.

The Bell system research organization, comprising over 4,000 engineers, chemists and other scientists and their assistants, employed in the Bell Telephone Laboratories, Inc., have continued their tireless search along many lines of technical investigation for improvements in telephone apparatus and methods, whereby the speed, quality and economy of telephone service may be further enhanced. It is a far cry from Alexander Graham Bell, working with one assistant in a Boston attic, to these highly organized groups constantly subjected to the most minute scrutiny and investigation every phase of the science of communication which has to do with telephone service. Of particular interest was the opening about the first of the year of a northern transcontinental telephone line connecting Minneapolis with Spokane, Seattle and Portland, Ore. This is the third long distance telephone line to span the continent. The other two are the line between New York and San Francisco, through Denver and Salt Lake City, which was completed in 1915, and a southern transcontinental telephone line from New Orleans, through Los Angeles and San Diego, by way of Dallas and El Paso, which was opened to public use about four years ago.

February 9th, 1927, E. T. Carter, president of the Ohio Bell Telephone Company, placed a call for Col. H. E. Shreve, of London, England. In less than three minutes, Col. Shreve said, "Yes, Mr. Carter, I recognize your voice and hear you very distinctly." Mr. Carter said, "I am glad to be the first to speak from Cleveland to the first man who ever heard the human voice across the Atlantic." Transatlantic service is being rapidly extended on both sides of the Atlantic. The telephone plays a stupendous part in these United States. Cupid is active with the telephone. June, 1927, a marriage was solemnized over the telephone at Des Moines, Ia., by the bride's pastor, who was at Oklahoma City. The ceremony joined Jean Pette, 18, telephone operator and Harvey Webster, 21, Rev. Paul Clark, who tied the two into one said over the telephone, "I pronounce thee man and wife until death do part thee—telephone romance. December, 1927, Mr. Beckman, of San Francisco, placed a call for his son at Buffalo, who was attending law school, asking what he most desired for Christmas. With no hesitancy the son said, "Yes, father, the price of a long distance call to talk to Eleanor Cunningham, St. Augustine, Fla." The price was forthcoming, so Christmas morning, Eleanor was called from her breakfast to the telephone. "This is LeeRoy. I want to tell you this Christmas morning—I love you." "Yes, LeeRoy, I hear your charming voice this Christmas morning here at St. Augustine. This is the most glorious pleasure I have ever experienced, LeeRoy, I think the telephone the most wonderful invention ever." "Yes, Eleanor, to hear your sweet voice over the telephone is worth more to me than all else—except Eleanor."

BRANCH LIBRARIES
TO BE STARTED SOON

Two new branch libraries will be established by the Greene County District Library soon at Bowersville and at Caesar Creek High School, Miss Mildred Sandoe, librarian, announces.

There are now five branches of the county library in operation with a monthly circulation of between 2,000 and 2,500 volumes. The branch at Yellow Springs was the busiest in March, as it circulated 725 books. Ross was next with a circulation of 689. Wilberforce third with 412, Jamestown fourth with 355 and Springfield Valley for what's left, with 193.

The book collection to be sent to Bowersville is catalogued and ready for circulation but the shelving for the new branch has not been completed by boys of Bowersville High School. The Caesar Creek branch will not be opened for several weeks, but work on it will start within a few days.

BIBLE THOUGHT FOR TODAY

A GOOD NEIGHBOR—Devise not evil against thy neighbor, saying he dwelleth securely by thee—Prov. 3:29.

LURE OF UNCERTAIN FORTUNE

The dangers of pure speculation in Wall street is well illustrated by an incident related in a daily financial newspaper.

"A trader in a Broadway house was very successful in his market operations. He cleared \$50,000 from early last year to February 1, 1928. So successful was he that he sold his grocery store, somewhere in New Jersey, for \$18,000 and decided to make his living thereafter in Wall street. Radio looked like a short sale, and he put out 1,000 shares.

"Today he is rich in experience. He has no store, no money and fewer friends than at the height of his prosperity, when firmly convinced that Wall street was a place where money grew on trees and fortunes were made without hard work and worry."

He is another one of the many not quite so wise as he thought he was.

PICKING PROPER CANDIDATES

Much discussion exists as to what is the best system for nominating candidates for public office. Although the political parties hold conventions for the nominations of candidates for president, the system of direct nomination of candidates at primary elections has become rather general for political offices in most of the states. There is much argument as to whether that method is or is not an improvement over the convention plan.

One thing can be said that most people will agree to, and that is that almost any system will work well if the people will only take an interest in it and attend to their civic duties. If most of the voters had attended the caucuses and taken great pains to choose the best qualified delegates to the conventions, which formerly made most of the nominations, that method of nominating would have worked a great deal better than it did, and probably would never have been given up to so large an extent.

And today, if the voters would turn out to the direct primaries, having previously given careful thought to the question who should be nominated for office, the faults that are found with the operation of the system now generally in use, would not exist.

To obtain good government, people have to give some personal attention to politics. They can not pass the buck to the politicians, and let them run things as they want to, 364 days of the year, and then on the 165th turn up at elections and accomplish the results they desire.

Good government calls on the voters to read the political news, and find out what parties and public officials do the best work, and are most loyal to the interests of the people of Ohio and the whole country. And then it calls on them to get out and vote.

The Way of the World

By GROVE PATTERSON

LOVE

Millions of words have been written about love. Nobody can ever quite define love. No one can give a satisfactory explanation or a satisfactory description of it. It depends on the individual temperament, the type, the point of view. Much that is mistaken for love is doubtless something else—something instinctive and not discreditable, but much less fine than love. Suffice it to say that love unaccompanied by liking, by well-wishing, by friendship, by the desire to serve, is merely a temporary but uncomfortable disease.

WELL OFF

"Look round the habitable world," exclaimed the poet Dryden, "and see how few know their own good."

Few of us realize how well off we are; few of us take time to be consciously appreciative of the state of being in which our lot is cast. We are wanters—wanting things we do not have, wishing things were different, unappreciative of the attractions and benefits of the situation in which we find ourselves.

DISCIPLINE

Normal people, whether they are children or adults, do not resist discipline if they have faith in the man or woman who is administering the discipline. Almost anybody will take punishment with good grace if the man who gives the punishment is honest and his personality attractive.

Some time ago the board of education, in a New York state town, considered the dismissal of a teacher because he punished the children with a rubber hose. Curiously enough the children, many of them, came out openly in defense of their teacher and wanted him retained. They wanted to keep him on the job—rubber hose and all. They recognized a sincere leader, they recognized their need of discipline, and they found the teacher's personality attractive.

Certain kinds of punishment may not be proper. The fact remains that there are men who can deal out punishment and "make 'em like it." They are the real leaders. Discipline has a powerful influence on the human being. It should be administered expertly.

HELP THE MIDDLE-AGED

Medical science reports wonderful progress in cutting down the death rate among children. Similar progress is reported in the combat against contagious disease and in the elimination of pestilence. The fact is, however, that men and women of middle-age are dying with heart disease, with Bright's disease, diabetes, cancer, and other afflictions that attack the middle-aged at no decreased rate. The recent gift of Albert D. Lasker, of Chicago, of a million dollars to combat the diseases which attack middle-age is a great boon to those of us for whom the death rate doesn't improve.

NEWS COMMENT AND VIEWS

The Diary of a New Yorker

by CLARK KINNAIRD

NEW YORK, April 11. —What has become of the Stage Door Johnny? He seems to be extinct here. The other evening at closing time, I stood in front of the New York Times annex, in Forty-third street, where I could watch the stage doors of three theatres. In one of them there is a Ziegfeld show, in another a George White musical comedy, which means that plenty of beautiful chorines depart from these theatres after performances. At the Ziegfeld door there were two by-standers, either of which were a top-hat or held bouquets. At the George White show exit and the third theatre no interest was displayed in the departing actresses. Not a limousine was in sight.

The girls issued forth in twos and threes. Most of them live in apartments or hotels in the theatrical district and they go home unescorted, without fear of annoyance. Police have made the Times Square district a safe place for women to be alone at night. A "mascher" doesn't survive there long. Only a few of the departing chorines were accompanied by men members of their companies. Chorus girls and chorus men do not mix. The latter are without esteem in the theatrical world.

The Stage Door Johnny is passe probably because the modern member of a show ensemble is of a much higher caste than her predecessors. She isn't attracted by invitations to suppers and gay parties from strangers. The out-standing chorus girls, which naturally are the ones the Johnny would want to date up, earn at least \$100 a week. They may also appear in a night club and earn \$50 or \$100 a week more. They are able to buy their own suppers, if they eat any. (Many of them do not, for fear of added weight.) This type of girl is also in demand as a model for advertising illustrations, or for artists. Naturally she has a great deal of respect for herself.

There is plenty of whoopee-making on Broadway by girls, but not by chorus girls. They can't keep late hours, their figures and their jobs at the same time. A woman's leg no longer is a novelty, and a chorus girl has to be able to sing and dance and do specialties. She has to get up mornings to take lessons or practice.

An idea of what the modern chorus girl is like is given by a rigidly enforced rule against swearing backstage in Ziegfeld theatres.

A barber somehow learned that one of his customers was an artist, and asked him to draw him a picture.

"If it's funny I'll frame it," he put it in the shop," he promised by way of reward.

His customer was Rubie Gold-Lerg, world famous cartoonist.

The loneliness of old age has no terrors for Mrs. Catherine Stewart, 94, who outlived all of her nine children. She spends most of her hours each day in her house, in West Ninety-third street, painting. She learned to draw when she was 60, and now has 200 of her own pictures in the house. Art dealers have taken notice of them. She is thinking of making a sketching trip this summer.

She likes best to do landscapes. "I get ideas for pictures wherever I go," she says.

Kellygrams

By FRED C. KELLY

ABOUT PUTTING YOUR BEST FOOT FORWARD

One can sometimes tell much about a man's business or his instincts by studying his face, watching his actions, or listening to his talk. One morning recently, a stranger called upon me before breakfast at the hotel where I was staying. As he entered my room, I apologized briefly for having to receive him in an old lounge robe, explaining that when he called up I was right in the midst of taking an informal little bath.

"Ah, that's all right," he replied, breezily; "bathing is a good thing, both for the individual and for the state."

The impression came to me at once that the man must be an insurance agent. Only a salesman or lawyer—men who make their living partly by conversation—would have been likely to utter such a comment so glibly. The man probably was not a lawyer, because, in the first place, there was no reason why I should have received a call from a lawyer; in the second place, he had the manner that salesmen seem to acquire after several years of service. The most likely type of salesman to call on a man of my condition of life was an insurance agent. I judged him to be one—and I was right.

Moreover, though he was energetic and enterprising, this man was not a really successful salesman, because he lacked tact—else he would not have called on me without an appointment at such an inopportune time. Even if I had wanted any life insurance, I probably should have left no stone unturned to make certain that this man did not sell it to me.

And this reminds me that a smart salesman usually tries to find out in advance a prospective customer's moods and daily habits. If the victim has important work that he likes to perform before noon, the salesman should make it a point not to disturb him until afternoon. But if he is a man who tries easily, is in the habit of eating a hearty lunch,

How to Achieve Beauty

By MME. HELENA RUBINSTEIN

CORRECTIVE RHYTHMICS

I have told you of the simple fundamental principles of rhythmic—told you of the beauty of co-ordination—of its importance in achieving a perfect body. And now I am going further into the subject and will tell you about the corrective power of these aesthetic exercises.

First, I want to try to explain the things that have happened to your body when you begin talking on weight—when, instead of a straight line, your diaphragm is unhappily conspicuous and your stomach shows an obtrusive visible roll of flabby flesh—do you know just exactly what has happened to your internal structure?

Let me tell you—the muscles of your body, which should be strong, firm and pliant, have stiffened and become lazy through disuse. If your muscles were behaving the way they ought to—fat could not accumulate. A healthy active body can burn up in vitality and energy as much as you put into it in food.

Dancers, while they are working regularly, eat prodigious amounts of food without losing their excessive leanness. But just as soon as they stop exercising—then they take on weight. I have known a professional dancer to gain fifteen pounds on a two week's vacation—and diet right through the whole period of time!

In that particular case—her gloriously vigorous body—was structurally sick because its required mead of physical activity was denied.

Diet and Health

Liver and Kidney Very Rich In Iron.

When there is need of increasing the iron in the diet, as in the case of the anemias, more of the glandular organs of animals, than the muscle meats, should be eaten, because it has been shown that glandular organs—kidney, heart, brain, liver, etc.—contain about twice as much iron as muscle meat.

Liver, as you know from my recent articles, contains some stimulating properties for blood regeneration, and it is being used very extensively now in treating pernicious anemia. The glandular organs are high also in vitamin A, but it is not believed to be the iron nor the vitamins which are responsible for the efficacy of liver in pernicious anemia. In fact, it is not yet known what principle is responsible.

Liver contains about as much iron as egg yolk, but beef kidney contains one and one-half to two times as much iron as egg yolk, according to the work of Forbes and Swift at the Pennsylvania State college.

Irritated Bladder.
Mrs. S.—The urine may be irritating from different causes. If it is too concentrated from the habit of too little water drinking, or if it is too acid, from an unbalanced diet; if it has sugar in it, as in diabetes, and from infection of the urinary tract. If there is any reason which causes

You cannot develop your body and then neglect it. It arbitrarily refuses to stand for such treatment. And it expresses that refusal in terms of excess poundage! For the laymen, muscular over-development is most unlikely. Under-development is the usual condition with which we have to deal. So decide, before you begin at all, to keep up your practice!

There are certain muscles which are more neglected than any others. One group is the shoulder muscles—another the waist and diaphragm—a third the hips—a fourth the upper arms—a fifth the legs and thighs. These are the danger areas—the areas which seem to be continually flirting with excess weight. While it is certainly true that fat accumulates most readily in these particular spots, it is equally true that just as soon as you begin to rouse those lazy muscles, improvement is usually rapid!

Before I go into the actual exercises, I want to warn you once more about the use of drugs for reducing. If your organic system is dependent upon drugs for loss of weight, the muscles of your body undergo a very harmful effect. The only real lasting way to beauty follows the health road. Don't ever lose track of that important fact.

And the Rhythmic Road to Health leads to the development of real physical beauty—bright eyes, healthy, clear complexions. That will be your great achievement.

Today's Recipes

Veal Chili Con Carne — Two pounds cooked veal, three tablespoons butter, two small onions, one small can pimientos, pepper and salt, two cups meat stock, one tablespoon chili powder, two cups boiled rice, cut veal into very small cubes. Put butter into a frying pan, add chopped onions and pimientos and fry ten minutes. Add meat, seasonings, stock and chili powder. Cover and cook slowly one-half hour. Serve garnished with rice. For chicken chili con carne substitute cooked chicken for the veal—chicken broth for the meat stock.

Cocunut Bread Pudding — Three slices (one-fourth inch thick) stale bread or sponge cake, one tablespoon butter, three tablespoons marmalade (orange, pineapple, raspberry or apricot), one and one-half cups milk, one-fourth cup sugar, two eggs, one-fourth teaspoon salt, one teaspoon vanilla, one-half cup shredded cocunut. Spread the slices of bread with the butter and the marmalade; cut into fourths, place on the bottom of a greased shallow baking dish. They should cover the bottom of the dish but not overlap. Scald the milk; add to the sugar mixed with the eggs, salt and vanilla. Pour over the slices of bread. Bake in a moderate oven (325 degrees Fahrenheit) for thirty minutes. Sprinkle with cocunut and continue baking about fifteen minutes until the custard is firm and the cocunut is brown.

Grapefruit - Orange Salad — On a bed of crisp lettuce arrange section of orange and grapefruit. In the center of the salad put a whole nut meat or cherry. Serve with French dressing.

and 9 per cent in nicotine content, the average being probably 3 per cent. In general the pipe tobacco contains the most.

Freeing tobacco of nicotine, however, does not free it of all its poisonous properties, for the burning of the tobacco produces substances which are often poisonous. (Mann.)

There is no doubt whatever that the use of tobacco is harmful, the harmfulness depending upon the susceptibility of the user and the amount used. The use of the nicotine-poor tobacco lessens the poisonous effects somewhat, but it will not break up the habit, and it is the habit most people want to break after starting.

If you want more on the subject of tobacco, read Kellogg's "Tobaccoism, or How Tobacco Kills." We have an article on the "Tobacco Habit and Cure," which you may have by sending a self-addressed, stamped envelope and two cents in coin with request.

Behind the Scenes in Washington

By CHARLES P. STEWART

WASHINGTON, Apr. 11. — We're on the eve of what bids fair — or foul — to develop into an uncommonly ugly presidential campaign, when it really gets a-going, after the national conventions in June.

The opposing groups in congress are working up to it now. Already a great plenty of mighty vicious things have been said. They've been more than partisan. They've been personal. And they haven't been meant in any harmless Pickwickian sense.

Duels would have been fit, over some of the recent cracks which have been exchanged on Capitol Hill, if this were 100 years ago.

Terms like "grafter" and "thief" — they've been quite freely used, in connection with a slush fund investigation or two — couldn't have been slung around so liberally in Col. Burr's and Andy Jackson's day without resulting in cases of lead poisoning.

If anybody ever had said, "Birds of a feather flock together" — meaning John Randolph or Roanoke, a convict and a man who considered the statute of limitation his best defense against becoming one—John would have "called him out" sure.

Even in this less warlike generation, such talk breeds hard feelings.

Nevertheless, it's the kind of conversation you can listen to from the floor of the senate and the house of representatives almost any afternoon this spring.

Moreover, the shower of oil investigation brickbats is getting pretty thick.

Until very lately, this barrage was practically all directed one way, but in the last week or

two, several of the politicians it was falling on have begun picking up some of the ammunition and slamming it back.

All in all, it's reaching the proportions of a blamed mussy fight.

The heck of it is, properly speaking, the rumpus has hardly started.

It's been merely a sort of a general skirmish up to date.

Each side has seven or eight possibilities, as standard bearers, and consequently neither crowd has known just whom, in the opposition ranks, to concentrate on. The conventions will clear up all rival doubts, and then the main scrap will open up full blast.

There were a few dead cats and a certain amount of decaying vegetation lying around four years ago this time, which might have been hurled back and forth then, but the belligerents didn't seem in a frame of mind for it that year.

John W. Davis didn't like such methods, for one thing, and so long as he didn't resort to 'em, the other outfit didn't need to.

This time it's evident that nobody entertains a bit of John W's scruples. Whatever comes to hand plainly is going to be utilized any way it seems likely to do the most good.

A presidential campaign virtually shapes itself, anyway. Sometimes it's obvious from the first that it's done to be a nice, clean, gentlemanly affair.

Other times you can see in advance that nothing's listed as barred—mud, stinkpots, gouging or anything else.

If there's anything in signs, this is one of the latter kind of years.

It ought to be fun for the speculators, at that.

Living and Loving

By MRS. VIRGINIA LEE

FINANCES INTERFERE

"Love in a cottage" is a very fine and romantic thing, but sometimes the cottage is not forthcoming—even a very humble one—and Cupid's activities are seriously hampered by lack of funds. The thing to do, of course, is to sit tight, keep up courage and both work hard until at least the rent and grocery money is in sight and a livable plan worked out. Then what fun it is for two young people to fight life side by side!

"Dear Mrs. Lee, I have been a constant reader of your column. I thought you might help me out a little. I am madly in love with a young fellow 23 months my senior. He is in love with me. He, too, is a school teacher. We are planning on marrying as soon as we can. Do you think we should wait until he has the finances, or should I also help him to make them? I have never asked his parents. Do you think I should soon? Do you think that if he loves me like he says he does he should go away and leave me to hunt work? Should I receive gifts from him?"

"LONESOME RED."

The more he loves you the more he wants to get work so as to make a home for you, I should say. Of course you should help. Save all you can and put it into your home or invest it so you will have something to help out when you are married. It would be very nice to meet the boy's parents, and as for the gifts, of course you may accept gifts from your fiance.

It is fine, Waiting, to demand respect, but I never can understand the girl who never gets decent treatment from her men friends. I can't help feeling that there is something wrong with the girl; don't you feel that way too? The men who marry girls with doubtful reputations probably find them attractive or they would not marry them.

Puzzled wonders why the boy she met and liked who she has parted her if he might write her does not answer her letter. He may have lost interest when you were separated. Puzzled, or he may have little time to write. Next time, let him do the sending of the valentine.

Peter's Adventure

By MRS. FLORENCE SMITH VINCENT

Woodpecker Turns Tease

"Well! Well! Look who's here!" The strange voice came from beneath the boy, and Peter peering over the edge of the fence saw on the rail below a red-headed woodpecker. Kingbird spied the red head at the same time and grew angry at once. Ruffling up his feathers he flew at the newcomer in a flurry, but Woodpecker was too quick for him.

Before Kingbird had reached him woodpecker had flopped over to the other side of the rail, and Kingbird hit his back against the fence. Over the rail and over the rail again whirled Woodpecker, just as a boy would turn hand-springs over a bar, until it made Peter quite dizzy to watch him. And although Kingbird flew at Woodpecker from the other side of the fence and then another, not a single peck at him did he get.

Woodpecker evidently thought this game of Bo-peep lots of fun and it looked as if he was going to keep it up all the rest of the day. Mrs. Kingbird was distressed.

"Now mate dear, do stop flying about like that. You will wear yourself all out and if Purple Martin should suddenly appear upon the scene you would have to fly away from him. You never could fight him now."

"You know perfectly well that Woodpecker is only teasing you. He might stop if only you would not pay any attention to him! I told you so! You nearly choked your wings. You can't catch Woodpecker—you have tried too many times before. Why will you hurt yourself and for what? He is just fooling and it is silly of you to get so mad. There, now! He has flown away, like the good fellow he really is. I am glad of it. Another minute and you would have no break left in you. Come, dear, sit beside me for a while and rest."

Rather shamefacedly Kingbird perched by his wife's side. "That was a foolish thing for me to do. I really like old red head, but somehow every time I see him start that race over the rail it makes me wild, and to save my feathers I can't help going for him. I have never caught him yet, and I should hate to peck him even if I could. Ah! here comes a gad-fly. Pounce! I'm sure! There, wife, take him. One less insect to pestle the horses

this summer! "Hello! Do my eyes deceive me or is that a caterpillar I see crawling along on that vine? It is, as sure as I am alive. You have made a mistake in coming this way. Mr. Green-coat. You will never have a chance to destroy a cucumber this summer. Ah! no you don't! Wriggle all you want to, but down you go!"

In amazement the boy watched Kingbird's dive and the sudden disappearance of the green caterpillar.

"You seem to pick out the insects that do mischief to the crops or the ones that are no good," remarked Peter.

"Right-o! I am very particular what I eat and I am very careful

WOODPECKER FLOPPED OVER AND HIT HIS BACK AGAINST THE FENCE RAIL

to hurt nothing that is of good in the world." Kingbird nodded his head. "As a matter of fact, I like berries better than anything else—black-berries are my favorites—but if I must live on a meat diet I choose the insects that the farmer doesn't like. I am a good friend to the farmer, you know, although sometimes it is hard to make him believe it.

"Come, wife, it is time we went to see how the babies are getting along. Besides, I need a bath in the brook. Goodbye, boy, and good luck." Abruptly the Kingbirds flew off about their business.

VALLEY PIKE FARM HOME BURNS TO GROUND; LOSS IS \$4,000

A two-story, eight room, frame farm house owned and occupied by P. B. Davis, Valley Pike, three miles from Xenia, was entirely destroyed by fire with most of its contents, with an estimated loss of \$4,000 at 6 p. m. Tuesday.

The residence, formerly the old Harve McClellan property, burned to the ground. The flames also spread to a small wood shed eight or ten feet away, destroying the structure and contents, consisting

DUPLICATE BOOK CHARGE REDUCED

The fee charge for books in the Greene County District Library's duplicate pay list has been reduced from two and one-half cents a day to two cents effective Monday, April 2.

However, there will be a five cent minimum charge set for those using the volumes, according to Miss Mildred Sandoe, librarian. Under this plan a patron borrowing a duplicate pay book Saturday night and returning it Monday will be charged five cents. If the book is kept from Saturday until the following Thursday, the reader will have to pay eight cents.

Books on this shelf have been duplicated on the free shelves of the library but because the library is financially unable to supply more than one copy, even of popular books, it has been thought advisable to continue the custom of charging for the duplicate copies added to assist readers particularly anxious to read new books at once, to receive prompt service.

COURT LETTERS AWARDED PLAYERS

Basketball letters were awarded members of the 1927-28 Cedarville College boys' and girls' court squads at chapel exercises Tuesday morning.

The following members of the boys' squad received letters: Smith, Allen, Fisher, Nagley, R. Jacobs, Gordon and Adair, honorary captain.

Girls receiving letters included: Smith, Donaldson, Tanner, Mitchell, Bliff, Bowshier, LeMar, Raisanen, Auld, Cinnenelli and Shannon junior manager.

COLUMBUS LOSES OPENING CONTEST

COLUMBUS, O., April 11.—In a wild, ten-inning game here yesterday, the Columbus Senators lost the opening day contest to the Milwaukee Brewers, 11 to 10.

Both teams hit freely. Emory Zumbro, formerly with Coshocton in the Eastern Ohio League, suffered a broken finger on his pitching hand in the fifth inning when he attempted to stop a hard line drive after relieving George Lyons. Columbus pitcher in the third inning, Zumbro, during his short stay in the box, was apparently the most effective of any of the Senator twirlers. He is expected to be out of the game for at least a month.

Bowling

Lang Transfers narrowed the race in the Recreation League by winning two out of three games from the league-leading Greene County Lumber Co. quintet in a league bowling match Tuesday night. The champions escaped a shutout by winning the final game. Swindler of the lumber company and Harry Jordan of the Lang Transfers, tied for high honors of the match, each with a series of 580. Farm Notes

TEN ACRE PROJECT
Rules and entry blanks for the Men's Ten Acre Corn Project can be obtained at the county agent's office.

The project was started some years ago and Ohio has a long list of men who have received recognition in the 100 bu. club. Many farmers have, no doubt, produced 100 bu per acre but have not received recognition for their achievement.

The project is past the experimental stage as evidenced by those who have far surpassed the 100 bu. mark. Good seed, good cultivation, and fertilization are important factors in producing high yields. The object is not so much to produce more corn but to produce more economically on a given acreage.

Growers have shown that by applying heavy applications of fer-

tilizer they have not only increased the yield, but have improved the quality of the crop and hastened the maturity from ten days to two weeks over unfertilized fields.

All entries must be received by the Department of Farm Crops not later than July 1.

The 10-acre plot must be in one piece, but may be part of a larger field. Yields may be determined either from corn in the shock or from standing corn. Yields of corn must be determined sometime between October 15 or December 20. At the end of the season a record of the labor and expense involved in producing the 10-acre plot must be turned in on blanks furnished by Ohio State University.

For further information concerning the details of this project call or write your county agricultural agent.

U. S. SUPREME COURT UPHOLDS MAYOR'S COURT IN DUGAN CASE

Hopes of Michael J. Dugan, Xenia, of obtaining a reversal of his conviction before Mayor John W. Prugh for possessing liquor, were dashed Tuesday when the United States Supreme Court indicated it would uphold the validity of the mayor's court.

So far as the supreme court is concerned, the mayor's court will be permitted to continue to func-

tion and Dugan cannot look to relief from it from the 1,000 fine imposed upon him for violating the state prohibition law, it is believed.

Attorney F. L. Johnson, counsel for Dugan, sought to attack the validity of a city ordinance under which Mayor Prugh held court, charging that as mayor and also a member of City Commission, he was tempted to impose fines to enrich the city treasury.

Questions by the court developed the fact that the mayor's salary is not dependent upon fines he imposes, and the court declared it could therefore see no substantial ground for complaint, indicating that it would dismiss the appeal, which sought to have a city ordinance authorizing Prugh to sit as mayor declared invalid.

City Solicitor J. A. Finney represented the city at the hearing, which was postponed from Monday.

The court will render its final decision Monday. Because the court halted Attorney Johnson during his argument, indicating he had failed to make a case, it is believed the appeal will be dismissed.

CEDARVILLE LOOKS GOOD; WITTENBERG CONTEST THURSDAY

Cedarville College's varsity baseball team, which opens its season against Wittenberg College on the Cedarville diamond Thursday afternoon, executed a triple play against the scrubs in a practice game which was won by the regulars 6 to 0 Tuesday afternoon.

With runners on first and second bases, Morton grounded to the shortstop, Boyer, who threw to Duffy at third forcing one runner. Duffy whirled and pegged the ball to second, forcing a second runner. C. Lyon, second-baseman, got the ball over to Smith at first in time to retire the batter. It was a perfect triple killing and quickly balked a rally.

The contest Thursday will begin at 3 o'clock.

Nagley has drawn the pitching assignment. Coach Borst expects to start Rutan behind the plate, Smith at first, C. Lyon at second, Boyer at third, Morton at short stop, S. Lyon in left field, Tanner in center field and Armstrong in right field.

COLD AND CLOUDY FOR REDS OPENING

CINCINNATI, O., April 11.—Cold, cloudy weather, but no rain, is on tap for this afternoon when the Cincinnati Reds and Chicago Cubs open the National League season here, according to the weather forecast.

The veteran, Adolfo Luque, will be the Reds' starting pitcher, with Hargrave on the receiving end, and Charley Root, big right-hander, and a traditional jinx to the Reds, is scheduled to start for Chicago, with Hartnett behind the bat. Reserved seats for the opener have all been sold for many weeks.

CLEMENTS APPEAL REJECTED BY COURT

COLUMBUS, O., April 11.—The appeal of Gus Clements, of Lima, from the verdict of the Greene County courts sentencing him to one to five years in Ohio Penitentiary on a charge of abduction as rejected today by the Ohio Supreme Court. Clements was accused of abducting Ruth Mikesell, formerly of Lima, from the Ohio Soldiers' and Sailors' Orphans' Home at Xenia.

These Facts Mean More Profit on Farmall Farms!

Under average soil conditions the Farmall will plow from 7 to 10 acres a day, which is as much as three men can do with nine mules or horses.

Twenty acres a day can be bedded up with two middle breakers and a Farmall, which is the work ordinarily of two or three men and six to eight horses.

The Farmall with a two-row lister can cover 20 acres a day, doing the work of two to three men and six to eight horses.

In planting corn or cotton, the Farmall can easily cover 20 to 30 acres a day—two or three times as much as can be done with a team. If four rows are planted at a time, this acreage is practically doubled.

One man with a Farmall can cultivate 15 to 25 acres a day, doing the work of two or three men and six to eight horses.

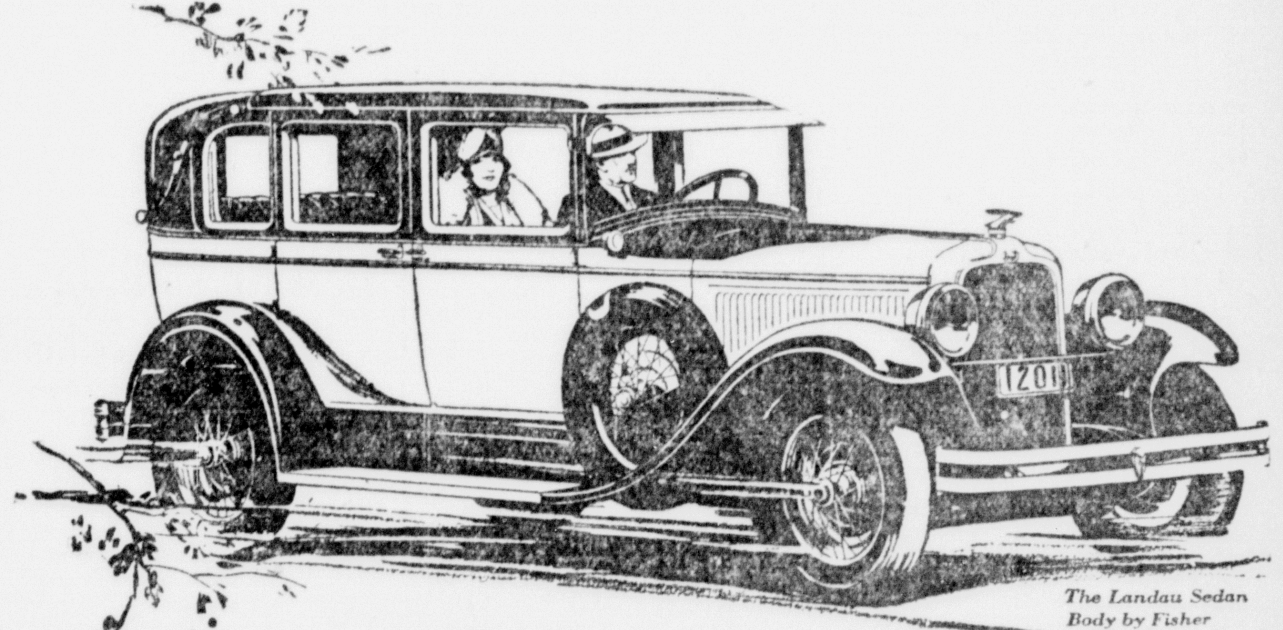

The Farmall when equipped with mower attachment will cut 20 to 25 acres a day.

The Farmall and tractor binder can cut 30 to 35 acres of grain a day.

For pulling the corn binder or corn picker, the Farmall saves both time and labor.

Ask us to show you this tractor and the modern tools that work with it. Demonstrations can be arranged on your own farm if desired. No obligation.

VALLEY PIKE FARM HOME BURNS TO GROUND; LOSS IS \$4,000

A two-story, eight room, frame farm house owned and occupied by P. B. Davis, Valley Pike, three miles from Xenia, was entirely destroyed by fire with most of its contents, with an estimated loss of \$4,000 at 6 p. m. Tuesday.

The residence, formerly the old Harve McClellan property, burned to the ground. The flames also spread to a small wood shed eight or ten feet away, destroying the structure and contents, consisting

of a quantity of seed corn and a 400-egg incubator. A garage twenty-five feet away, through the efforts of neighbors, who formed a bucket brigade and acted as voluntary firemen. Twenty-five or thirty neighbors assisted but their combined efforts were insufficient to save the farm house. The loss is partly covered by \$2,500 insurance carried on the building. Neighbors saved half of the contents of the residence by taking out pieces of furniture and household goods on the lower floor before the flames became too hot. Sparks from a fire setting fire to the shingle roof are thought to have started the blaze.

The Davis family, including Mr. and Mrs. Davis, and three children two boys and one girl, have occupied the eighty-acre farm since last March, moving there from South Charleston.

They are living temporarily at the home of Calvin Clemmer, a neighbor. The family was getting ready to sit down to the evening meal when the fire was discovered.

COACH RESIGNS

VICTOR KOLB

Coach Vic Kolb, regarded as one of Central High School's most successful coaches, will give up his position here at the close of the school year and will abandon coaching. Kolb, a former Ohio Wesleyan athlete, was held in high regard in local sport circles.

DUPLICATE BOOK CHARGE REDUCED

The fee charge for books in the Greene County District Library's duplicate pay list has been reduced from two and one-half cents a day to two cents effective Monday, April 2.

However, there will be a five cent minimum charge set for those using the volumes, according to Miss Mildred Sandoe, librarian. Under this plan a patron borrowing a duplicate pay book Saturday night and returning it Monday will be charged five cents. If the book is kept from Saturday until the following Thursday, the reader will have to pay eight cents.

Books on this shelf have been duplicated on the free shelves of the library but because the library is financially unable to supply more than one copy, even of popular books, it has been thought advisable to continue the custom of charging for the duplicate copies added to assist readers particularly anxious to read new books at once, to receive prompt service.

COURT LETTERS AWARDED PLAYERS

Basketball letters were awarded members of the 1927-28 Cedarville College boys' and girls' court squads at chapel exercises Tuesday morning.

The following members of the boys' squad received letters: Smith, Allen, Fisher, Nagley, R. Jacobs, Gordon and Adair, honorary captain.

Girls receiving letters included: Smith, Donaldson, Tanner, Mitchell, Hille, Boushler, LeMar, Raisanen, Auld, Cinnicelli and Shannon junior manager.

Owing to the fact new baseball equipment was purchased for the coming season the college could not afford to award the basketball players sweaters this year, it is announced.

COLUMBUS LOSES OPENING CONTEST

COLUMBUS, O., April 11.—In a wild, ten-inning game here yesterday, the Columbus Senators lost the opening day contest to the Milwaukee Brewers, 11 to 10.

Both teams hit freely. Emory Zumbro, formerly with Coshort in the Eastern Ohio League, suffered a broken finger on his pitching hand in the fifth inning when he attempted to stop a hard, line drive after relieving George Lyons, Columbus pitcher, in the third inning. Zumbro, during his short stay in the box, was apparently the most effective of any of the Senators twirlers. He is expected to be out of the game for at least a month.

Bowling

Lang Transfers narrowed the race in the Recreation League by winning two out of three games from the league-leading Greene County Lumber, by quieting in a league bowling match Tuesday night. The champions escaped a shutout by winning the final game. Swindler of the lumber company and Harry Jordan of the Lang Transfers, tied for high honors of the match, each with a series of 580. Sport Ritticisms by BILL RITT

College ball players with mus-taches may cause a revolution in the diamond business. Their slogan is—why sacrifice a cookie-duster for a baseball career?

Razor circles will be all agog if the movement spreads. It is the worst attack of the great industry of scraping chins since Charles E. Hughes ran for president.

The rise of the diamond sport saw the fall of soup strainers and zitties, hair by hair. However, pictures of early ball teams look like Santa Claus multiplied by nine.

So many balls were lost in the outfielders' hirsute appendage that boards were banished from baseball. It was a great blow to base stealers. No longer could they dive into a bag, protected from injury by their heavily upholstered jaws.

It was a great day when the last whisker fluttered into eternity at the snip of the shears. It was like the unveiling of a monument, though not so pretty.

The mustache may be manly and the beard a boon to an ambassador, but whiskers will never again be popular in the national pastime. It would be too much like bringing the bush back into the big leagues.

ONE for the BOOK

Nicknames are more than just nicknames to the Cincinnati Reds. With the Redlegs they constitute an art.

Hapless rookies with such given monickers as Van Rensselaer De Witt, Llewellyn and the like may come to camp with the Reds awhile, but when they go away they are either Pat, Nig, Boob or the like.

Frank Spruiell may come to the Reds and before he gets his street socks off he was Jakey, and he stays Jakey.

Everett Virgil Purdy had fears which vanished when the boys clamped Pid on him, a name by which all big leaguers now know him.

Horace Hills Ford, by the same token, is Hod.

Hugh Melville Critz is Cowboy. Adolpho Luque, the Cuban, is Dolt—easier to say and spell.

Grover Cleveland Land had just hit camp when the boys started calling him Daddy. Daddy's a coach so the name's a good one.

Peter Jablonowski, rookie pitcher, has become Jabby.

Eugene Franklin Hargraves need never have worried over his name. He was born to be called Bubbles.

Even Cincinnati's veteran president, who gave up his post last fall, August Hermann, was better known by his nickname, Garry.

PART OF MONTREAL COVERED BY WATER

MONTREAL, Que., April 11. Montreal's east end is under four feet of water today and street car transportation to outlying districts had given way to boats. The floods were caused by the sudden out-passage of ice from the harbor to pile up in a jam at Longue-Pointe. Federal government engineers will be rushed to the scene at the request of city authorities. Efforts will be made to dynamite the ice blockade.

Flood damages caused by swollen rivers throughout Quebec Province will run into millions of dollars, authorities declared. The toll in lives to date is six.

Farm Notes

TEN ACRE PROJECT
Rules and entry blanks for the Men's Ten Acre Corn Project can be obtained at the county agent's office.

The project was started some years ago and Ohio has a long list of men who have received recognition in the 100 bu. club. Many farmers have, no doubt, produced 100 bu. per acre but have not received recognition for their achievement.

The project is past the experimental stage as evidenced by those who have surpassed the 100 bu. mark. Good seed, good cultivation, and fertilization are important factors in producing high yields. The object is not so much to produce more corn but to produce more economically on a given acreage.

Growers have shown that by applying heavy applications of fertilizer they have not only increased the yield, but have improved the quality of the crop and hastened the maturity from ten days to two weeks over unfertilized fields.

All entries must be received by the Department of Farm Crops not later than July 1.

The 10-acre plot must be in one place, but may be part of a larger field. Yields may be determined either from corn in the shock or from standing corn. Yields of corn must be determined sometime between October 15 or December 20. At the end of the season a record of the labor and expense involved in producing the 10-acre plot must be turned in on blanks furnished by Ohio State University.

For further information concerning the details of this project call or write your county agricultural agent.

U. S. SUPREME COURT UPHOLDS MAYOR'S COURT IN DUGAN CASE

Hopes of Michael J. Dugan, Xenia, of obtaining a reversal of his conviction before Mayor John W. Prugh for possessing liquor, were dashed Tuesday when the United States Supreme Court indicated it would uphold the validity of the mayor's court.

So far as the supreme court is concerned, the mayor's court will be permitted to continue to function.

CEDARVILLE LOOKS GOOD; WITTENBERG CONTEST THURSDAY

Cedarville College's varsity baseball team, which opens its season against Wittenberg College on the Cedarville diamond Thursday afternoon, expects a triple play against the scrubs in a practice game which was won by the regulars 6 to 0 Tuesday afternoon.

With runners on first and second bases, Morton grounded to the shortstop, Boyer, who threw to Duffy at third forcing one runner out. Duffy whirled and pegged the ball to second, forcing a second runner, C. Lyon, second-baseman, got the ball over to Smith at first in time to retire the batter. It was a perfect triple killing and quickly balked a rally.

The contest Thursday will begin at 3 o'clock.

Nagley has drawn the pitching assignment. Coach Borst expects to start Rutan behind the plate, Smith at first, C. Lyon at second, Boyer at third, Morton at short stop, S. Lyon in left field, Tanner in center field and Armstrong in right field.

SENIORS WILL GIVE "PEG O' MY HEART" AS CLASS VEHICLE

"Peg O' My Heart," a comedy of youth in three acts, has been chosen by the senior class of Central High School for its annual class play, to be presented at Jean B. Elwell Auditorium May 17 and 18.

Only one vote of the class was required to select the plays which was written by J. Hartley Manners.

The cast has but nine characters, including only four parts for girls. In view of the few characters for girls, a double cast for this play is in prospect.

If the amount of talent available, as shown at try-outs for the cast, scheduled to begin next week, warrants, two girls may be selected for each of the four roles.

This plan was introduced for the first time last year and met with marked success. One girl takes a certain part on opening night and a second student takes the same part the following night.

The first act of the production has to do with the coming of Peg, the second act with the rebellion of Peg, and the third with "Peg O' My Heart."

The entire action passes in the living room of the Regal Villa at the home of Mrs. Chichester, in Scarborough, England during early summer.

COLD AND CLOUDY FOR REDS OPENING

CINCINNATI, O., April 11.—Cold, cloudy weather, but no rain, is on tap for this afternoon when the Cincinnati Reds and Chicago Cubs open the National League season here, according to the weather forecast.

The veteran, Adolfo Luque, will be the Reds' starting pitcher, with Hargrave on the receiving end. Charley Root, big right-hander, and a traditional jinx to the Reds, is scheduled to start for Chicago, with Hartnett behind the bat. Reserved seats for the opener have all been sold for many weeks.

CLEMENTS APPEAL REJECTED BY COURT

COLUMBUS, O., April 11.—The appeal of Gus Clements, of Lima, from the verdict of the Greene County courts sentencing him to from one to five years in Ohio Penitentiary on a charge of abduction as rejected today by the Ohio Supreme Court. Clements was accused of abducting Ruth Mikessell, formerly of Lima, from the Ohio Soldiers' and Sailors' Orphans' Home at Xenia.

PITCHING DUEL IS ENDED BY DARKNESS

TOLEDO, O., April 11.—An eleven inning pitching duel, called because of darkness with the score two-all, was the menu served 12,848 baseball epicureans who braved a chilly afternoon to witness the opening day game between Toledo and Milwaukee here yesterday.

Emilio Palmero, veteran Cuban pitcher, was on the mound for Toledo, champions of the American Association. Long Tom Sheehan pitched for the Brewers until the last two innings when Nelson relieved him.

Jamestown News

Mrs. G. R. Bardill and her sis-
ter, Miss Belle Neiberger, have re-
turned home from a most deligh-
tful trip abroad. They thoroughly
enjoyed the provinces visited and
much impressed with the customs
and character of the people and
the sight-seeing of nature and art.
They embarked for the home-
trip at Glasgow, Scotland on the
California, and the voyage was
rather rough, as they encountered a
storm in mid-ocean and from the
deck witnessed the waves leaping
high over the vessel, which was
alarming at first, but as time passed,
their fears were quieted.Mr. and Mrs. G. H. Eckert and
son Clark, Mr. and Mrs. Raymond
Tobias and little son of Xenia,
were guests on Sunday of Mr. J. A.
Thuma and son Ernest and fam-
ily.Mrs. Ross Latham and Miss Le-
tha Hendrickson, spent Saturday

ley.On Thursday afternoon, Mrs. W.
A. Paxton will open her home to
receive the members of the Wom-
an's Missionary Society of the
First Baptist Church. Mrs. A. D.
Garringer, the president, will con-
duct the opening preliminaries.
Mrs. C. C. Mauck will preside over
the program of which a number of
the members will have a part. The
topic will be "India," and the study
will consist of readings, reviews,
etc. During the social hour the
hostess will serve a refreshment
course.Miss Virginia, daughter of Mr.
and Mrs. O. F. Reeves, who is tak-
ing a nurse's training at the
Carmel Hospital in Columbus,
spent Easter Sunday with the home
folks.Miss Frances Reeves, who is a
student of the Ohio University at
Athens, spent several days with
her parents, Mr. and Mrs. O. F.
Reeves. She was accompanied
home by two guests, Miss Dorothy
Crawford, of Port Homer and Miss
Elizabeth McIntyre, of Brilliant,
who are also students of the uni-
versity.The Woman's Missionary Society
of the Church of Christ, will meet
Wednesday afternoon at the church
for its April meeting. The pres-
ident will have charge of the open-
ing exercises. Miss Clara Glass
will lead the program, assisted by
other members. The topic for dis-
cussion "Our Part in a Twentieth

Madam Schumann-Heink.

SWEETHEARTS

AUTHOR OF "MY SON'S SWEETHEARTS," "CONFESSIONS OF A WIFE," ETC.

Copyright, 1928, by Central Press Association, Inc.

READ THIS FIRST:

Lynda Fenton has been made
the private secretary of Ralph Ar-
mitage, junior partner of Armitage
& Son. It is her first real job after
being graduated from school. Lyn-
da is a singularly innocent and
lovely girl. Her father, a periodical
drunkard, has spoiled her life, be-
cause he continually tells her that
her mother deserted them for a
wealthy man, and that every woman
has her price.Lynda meets Emily Andrews at
the office, who cherishes a secret
fondness for David Kemmer, Lyn-
da's companion from childhood up.
David is a salesman for Armitage.
Emily plots to make things uncom-
fortable for Lynda.Lynda's father, too, deserts her,
and David tells her that he loves
her and that if she'll wait until the
first of the year he'll ask her to
be his wife.Claire Stanhope comes to make
her home with Lynda. She tells of
innocent love for Fred Blaque,
whom she afterwards learns is a
married man.David calls to bid Lynda good-
bye before leaving on a trip. He
is already a bit jealous of Armi-
tage, and when Lynda refuses fi-
nancial aid he imagines her sen-
timents towards him have chang-
ed.Lynda types her first letter for
Ralph Armitage.Ralph pays Lynda artful compli-
ments and increases her salary.CHAPTER XVIII
PLANS FOR JUNE CHALLER'S
PARTYSoon after Mr. Armitage left the
office Lynda answered the tele-
phone to hear a woman's voice."I'd like to speak to Mr. Armi-
tage.""He has gone for the day. Any
message for him?"Without a word, the receiver was
slammed up in such a way that
Lynda knew it was not a business
call.The cashier gave her twenty
dollars when she stopped at his
wicket that night, and Lynda
thought, happily, that she could,
with Claire's advice and help, ad-
vance to make herself presentable
for the party.As the girls streamed out of the
office, Claire, who was waiting for
her, said:"I know how to make a straw-
berry shortcake. Let's have broiled
lamb chops, bread and butter, and
lots of shortcake for our dinner.""That night, when they had finish-
ed the shortcake, and decided that
they would live like queens in the
future and be very happy, Lynda
asked:"Are you going to June Challer's
party?""I haven't been invited," said
Claire, tersely."Then, I'll not go," said Lynda,
with a little sigh."Of course you'll go," spoke up
Claire. "Because I'm not going, is
no reason why you should make a
marry of yourself. June Challer
throws the best parties in town. I
always go to go there with Fred,
but now that she knows I have
turned him down cold, she is afraid
I'll kick up another row, so she
did the last time I was there, so
I'm just left out. What have you
to wear, Lynda? I want you to
dress to keep their eyes out.""I have a white crepe graduation
dress," Lynda went into her room
and brought it out for Claire to see."That will do nicely if we take
off the sleeves," she said, after
looking it over."I have no beads or bracelets, or
anything to wear with it, Claire.""So much the better. You will be
Miss Simplicity. That ought to
get 'em.""Don't you think I'd better have
flowers or something?" Lynda anx-
iously inquired. "Somehow, it looks
almost childish.""That's the right idea, angel
child—you'll make the rest of
them, with their beads and silver
lace and flowers on their shoulder,
look like Christmas trees. You
don't need any dry roses, for I
see right now at the thought of
going, your cheeks are a prettier
pink than the best French make
you can buy. Just a faint bit of lip-
stick to contrast with your daz-
zling teeth, and I'll bet on you
against the field. Is Ralph Armi-
tage going? He used to be one
of June's great friends.""I don't know. I typed a letter
for him today, saying he would go
if he were in town.""Did he ask whether you knew
June?" asked Claire, her eyes
slightly narrowing.

"No, why should he?"

"Well, I'll tell you one thing, all
right. Ralph will find out somehow
today if you're invited, and he'll act
accordingly.""Surely, Claire, you're not going
to be as cattish as Emily Andrews,
and intimate he gave me the posi-
tion in his office because he was
interested in me and not in my
work?""I think, Lynda, that Ralph Armi-
tage is interested in both.

Jamestown News

Mrs. G. R. Bargdill and her sis-
ter, Miss Belle Neberger, have re-
turned home from a most delight-
ful trip abroad. They thoroughly
enjoyed the provinces visited and
most impressed with the customs
and character of the people and
the sight-seeing of nature and art.
They embarked for the homeward
trip at Glasgow, Scotland on the
Calcutta, and the voyage was ra-
ther rough, as they encountered a
storm in mid-ocean and from the
deck witnessed the waves leaping
high over the vessel, which was
alarming at first, but as time pass-
ed, their fears were quieted.Mr. and Mrs. G. H. Eckler and

SWEETHEARTS BY IDA H. MCGLOTH GIBSON

AUTHOR OF "MY SON'S SWEETHEARTS," "CONFESSIONS OF A WIFE," ETC.

READ THIS FIRST:

Lynda Fenton has been made
the private secretary of Ralph Ar-
mitage, junior partner of Armitage
& Son. It is her first real job after
being graduated from school. Lyn-
da is a singularly innocent and
lovely girl. Her father, a periodical
drunkard, has spoiled her life, be-
cause he continually tells her that
her mother deserted them, that her
mother deserted them, and that every
woman has her price.Lynda meets Emily Andrews at
the office, who cherishes a secret
fondness for David Kenmore, Lyn-
da's companion from childhood on.
David is a salesman for Armitage.
Emily plots to make things uncom-
fortable for Lynda.Lynda's father, too, deserts her,
and David tells her that he loves
her and that if she'll wait until the
first of the year he'll ask her to
be his wife.Claire Stanhope comes to make
her home with Lynda. She tells of
innocent love for Fred Blaque,
whom she afterwards learns is a
married man.David calls to bid Lynda good-
bye before leaving on a trip. He
is already a bit jealous of Armitage,
and when Lynda refuses fi-
nancial aid he imagines her sen-
timents towards him have chang-
ed.Lynda types her first letter for
Ralph Armitage.Ralph pays Lynda arduous com-
pliments and increases her salary.CHAPTER XVIII
PLANS FOR JUNE CHALLER'S
PARTYSoon after Mr. Armitage left the
office Lynda answered the tele-
phone, to hear a woman's voice.

"I'd like to speak to Mr. Armitage."

"He has gone for the day. Any
message for him?"Without a word, the receiver was
slammed up in such a way that
Lynda knew it was not a business
call.The cashier gave her twenty
dollars when she stopped at the
bank that night, and Lynda
thought, happily, that she could
with Claire's advice and help, add
enough to her simple white crepe
gown to make herself presentable
for the party.As the girls streamed out of the
office, Claire, who was waiting for
her, said:"I know how to make a straw-
berry shortcake. Let's have boiled
lamb chops, bread and butter, and
lots of shortcake for our dinner."That night, when they had finish-
ed the shortcake, and decided that
they would live like queens in the
future and be very happy, Lynda
asked:"Are you going to June Challer's
party?""I haven't been invited," said
Claire, tersely."Then, I'll not go," said Lynda,
with a little sigh."Of course you'll go," spoke up
Claire. "Because I'm not going, is
no reason why you should make a
martyr of yourself. June Challer
thinks the best parties in town, I
swear, and always to go there with Fred,
but now that she knows I have
turned him down, she is afraid
Fred will kick up another row, as
he did the last time I was there, so
I'm just left out. What have you
to wear, Lynda? I want you to
knock their eyes out.""I have a white crepe graduation
dress," Lynda went into her room
and brought it out for Claire to see."That will do nicely if, we take
out the sleeves," she said, after
looking it over."I have no beads or bracelets, or
anything to wear with it, Claire.""So much the better. You will be
Miss Simplicity. That ought to
get 'em.""Don't you think I'd better have
flowers or something?" Lynda anx-
iously inquired. "Somehow, it looks
almost childish.""That's the right idea, angel
child—you'll make the rest of
them, with their heads and silver
lace and flowers on their shoulder,
look like Christmas trees. You
don't even need any dry rouge, for
I see right now, at the thought of
going, your cheeks are a prettier

The Theater

People interested in the homecoming program here next August, are wondering if there are any motion pictures of old Xenia available.

It was suggested that perhaps a travelling news reel photographer had taken Xenia scenes a number of years ago and that they may be available in some of the cinema libraries.

Twenty years ago, when Xenia's first homecoming was held, the motion picture was in its infancy. The photography and the films were crude, the stories poor and the whole performance was not worth much beyond a curiosity. At that time the Star Theater, E. Main St., was showing these early pictures in a former store room and if recollection serves correctly, the price of admission was five cents. If a film had been taken of scenes during the first homecoming or of Xenia scenes even as late as ten years ago, it would be an interesting feature of the present arrangements.

Due probably to the rapidly increasing perfection of American motion picture plays, the movies are gaining steadily greater popularity in Europe, according to Trade Commissioner George R. Canty, of the Commerce Department.

New theaters of the American type are being built with the most improved equipment and increased seating capacity in many sections of Europe. During the past year there were 733 theaters either newly built or reconstructed in Great Britain and the continental countries, having an aggregate seating capacity of nearly 400,000.

In the matter of new construction, according to Canty, Germany had a long lead with 280 theaters with a seating capacity of 130,000. Great Britain followed with 100 theaters, capable of seating 95,000 while France built sixty-eight theaters with a total seating capacity of 50,000.

Better Features
These countries are all producing more and better feature films than ever before. At the same time many of the smaller countries are exerting every effort to establish native motion picture industry.

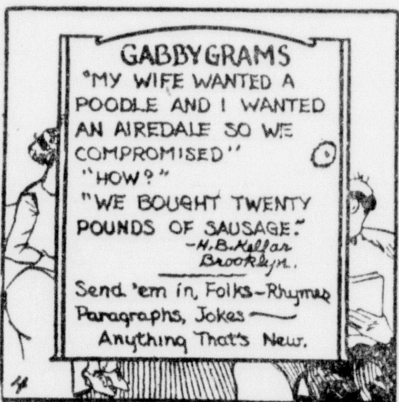

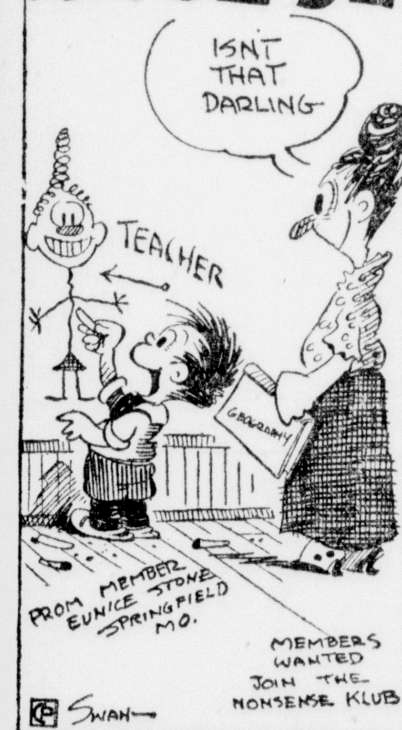

Canty estimated that in 1927 the feature pictures produced in Europe numbered 460, involving an expenditure of about \$16,000,000.

Most of these pictures came from German, British and French studios. Germany produced 241, and France seventy-four and Great Britain forty-four features. In Poland seventeen features were produced, Austria sixteen, Czechoslovakia eleven, Sweden ten, Denmark six and Italy five.

"The European market," Canty said, "accounts for considerably more than half of the total revenue obtained by American exporters of motion picture films."

"Last year we sent to this area about 70,000,000 feet of film which was an increase of 7,000,000 over 1926. American features distributed in Great Britain numbered an increase of 100 over the preceding year."

XENIA PASTOR MADE COMMISSIONER TO GENERAL ASSEMBLY

REV. W. H. TILFORD

The Rev. W. H. Tilford, pastor of the First Presbyterian Church, Xenia, was elected commissioner to the General Assembly of the Presbyterian Church at Tulsa, Okla., the latter part of May at the Dayton Presbytery meeting in Springfield Monday and Tuesday.

Dr. Daniel Brownlee, executive secretary of the Dayton Council of Churches and former pastor of Clifton Presbyterian Church, was also named commissioner to this meeting and the lay delegates selected were: W. F. Schenck, of Franklin and George W. Wines, Springfield.

Dr. George H. Simson, Middletown, was elected Moderator of the Dayton Presbytery for the next six months. The Rev. R. G. Riemann, Oxford, was made director of program and field activities and the Rev. Guy Cheek, Old Carlisle, O., was made temporary clerk.

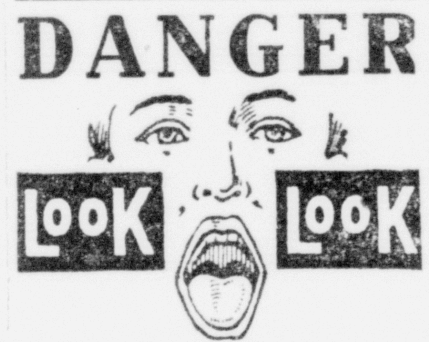

Dr. John Bamford, Springfield, and Elder W. C. Powell, Dayton, were elected to the General Council for three year terms. The Rev. Carl White, Yellow Springs, received reports on Easter Evangelism which showed marked increase in the reception of members throughout the Presbytery.

The Presbytery examined Irving Dungan, candidate for the ministry, and arrangements were made for his ordination at Troy, O., Sunday, May 20. Arthur Willis, former theological student at Cedarville College, was examined and licensed to preach the Gospel. He will complete his course at McCormick Theological Seminary. Mr. Dungan will sail in August for China to engage in missionary work.

Reports of various activities of the individual churches making up the Dayton Presbytery were heard at the gathering and the records of each church were examined by a special committee. Representatives from the Xenia church at the meeting were the pastor, the Rev. Mr. Tilford and Dr. Paul D. Espey, from the Session. Elder D. B. Watt was a visitor at the meeting Tuesday.

DANGER

Your tongue is the best barometer of your physical condition. Look at it every morning before breakfast. If it is coated with white, yellow or brown coloring, and does not have a clean red appearance you are constipated and not well.

Heed Its Warning

Constipation causes more ailments than all other diseases, and is the result of not having a daily bowel movement. Sick-headache, indigestion, biliousness and sallow complexion follow. Ask your druggist for a 25c red paper package of CARTER'S LITTLE LIVER PILLS "Safe Laxative." Take a dose tonight and continue one pill after each meal. Don't stop—until your tongue is clean. You will be surprised at the tonic effect this doctor's formula will have on you.

BEAUTIFYING PLAN WILL PREPARE FOR HOME-COMING HERE

The Xenia Garden Club held its first open meeting of the year at Jean B. Elwell Auditorium, Central High School, Tuesday evening.

Mrs. C. A. Kolbie gave a brief talk, which was followed by motion pictures depicting old and new Xenia, presented by T. H. Zell, who also presided at the meeting.

Mr. Zell gave a short talk with relation to plans for the 1928 Home-Coming in Xenia and the work of the garden club in this connection.

Each person attending the meeting was given a gladiolus bulb to plant about May 15. Blooms from these particular bulbs are to be entered in the flower show during the Home-Coming and a prize will be awarded for the best bloom from the bulbs given out at this meeting.

It was also suggested that a zinnia bed be planted in the yard of each Xenia home to carry out decorations for the Home-Coming. Announcement is made that the garden club has available morning glory seeds and castor oil bean seeds to give anybody who desires to plant them in order to hide unsightly spots.

The meeting was well attended.

SUGGEST FARMERS MOVE FENCES BACK

Owing to increasing traffic on all Greene County roads and the public demand for safer and better travelling, County Commissioners, following a survey, have determined that many roads are now much too narrow to obtain proper drainage and grade of sufficient width to allow autos to pass in safety.

Commissioners are consequently suggesting to property owners intending to rebuild fences along the roadways that they place them not less than twenty feet from the center of the present traveled roads on all roads of light traffic and not less than twenty-two and one-half to twenty-five feet on roads of heavier traffic.

School progress is often slowed by listless mornings

Housework, too, is crowded mostly into the after-breakfast hours, according to recent surveys by leading women's magazines. Food that "stands by" you is necessary!

The school day is planned to make the most of the children's normal morning energy. 70% of the hardest studies are deliberately put in the after-breakfast hours, a recent national survey reveals.

If children are not at their best at this important time, but instead are listless, apathetic, inattentive—their development is seriously slowed up. Yet an unfortunate percentage of children drag through their school work day after day simply because they have not been properly fed!

The kind of breakfast children eat is of tremendous importance to their development, educators have found, and today parents are being urged to see that they get hot, nourishing food every morning.

Oatmeal with milk is recommended espe-

cially. Oats, more than any other cereal, supplies protein—the tissue-building substance which is so essential for normal growth!

Unlike other cereals, the tender bran is not milled away from Mother's Oats, so that in appetizing form it supplies necessary roughage, too. And because it is made from the cream of the oat crop, milled in such a way as to result in finer, fuller flavor, children love it! It's as good as tender nut-meats!

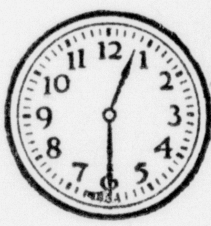

You can get this same superior flavor either in regular Mother's Oats, or in the new Quick Mother's Oats, which cooks in 2½ to 5 minutes.

Start tomorrow to give your children this breakfast that "stands by" them through their long mornings at school!

XENIA PASTOR MADE COMMISSIONER TO GENERAL ASSEMBLY

REV. W. H. TILFORD

The Rev. W. H. Tilford, pastor of the First Presbyterian Church, Xenia, was elected commissioner to the General Assembly of the Presbyterian Church at Tulsa, Okla., the latter part of May at the Dayton Presbytery meeting in Springfield Monday and Tuesday.

Dr. Daniel Brownlee, executive secretary of the Dayton Council of Churches and former pastor of Clinton Presbyterian Church, was also named commissioner to this meeting and the lay delegates selected were: W. P. Schenck, of Franklin and George W. Winger, Springfield.

Dr. George H. Simeon, Middletown, was elected Moderator of the Dayton Presbytery for the next six months. The Rev. R. G. Riemann, Oxford, was made director of program and field activities and the Rev. Guy Cheek, Old Carlisle, O., was made temporary clerk.

Dr. John Bamford, Springfield, and Elder W. C. Powell, Dayton, were elected to the General Council for three year terms. The Rev. Carl White, Yellow Springs, received reports on Easter Evangelism which showed marked increase in the reception of members throughout the Presbytery.

The Presbytery examined Irving Dungan, candidate for the ministry, and arrangements were made for his ordination at Troy, O., Sunday, May 20. Arthur Willis, former theological student at Cedarville College, was examined and licensed to preach the Gospel. He will complete his course at McCormick Theological Seminary. Mr. Dungan will sail in August for China to engage in missionary work.

Reports of various activities of the individual churches making up the Dayton Presbytery were heard at the gathering and the records of each church were examined by a special committee. Representatives from the Xenia church at the meeting were the pastor, Dr. Paul D. Espey, from the Session, Elder D. B. Watt was a visitor at the meeting Tuesday.
